Though I did not receive your letter until Saturday night, of the previous week to this, I was the Penn. Stationmaster's Office to meet Lowd and Kurto at 1:20 P.M. and did not see you there. Was unable to answer your letter last week due to an attack of chickenpox, we had an epidemic in Beacon, which kept me confined till last Friday. I assume therefore that either you did not make it to New York or had to leave the Stationmaster's early.

It is most important that I know exactly what is occurring in the Countess Tolstoy case. She has sent two letters to Philadelphia and as yet I have only a vague idea of their content and what she is after. This must be remedied in order for me to take action and I would appreciate a full report in order

NATIONAL RENAISSANCE BULLETIN

JANUARY, 1949

Official organ of the National Renaissance Party devoted to Animism, a philosophy based on the values of individual personality, private enterprise and government by the intellectual elite.

"They distribute praise and censure with a view to their own interests; they say that dishonesty is shameful and unjust—meaning by dishonesty the desire to have more than their neighbors; for knowing their own inferiority, they would be only too glad to have equality. . . . But if there were a man who had sufficient force, he would shake off and break through and escape from all this; he would trample under foot all our formulas and spells and charms, and all our laws that sin against nature."

Plato

AMERICA, AWAKE!

Many Americans, who peruse carefully their morning newspapers, find that the world is being swept and devastated by the malignant social cancer of Communism and each tries, in his own way to combat the spread of this corrupt philosophy by dutifully going to the polls on Election Day and voting for what he considers, or at least fervently hopes, is a truly American minded public official. What the average American fails to see, through lack of information, is the ironclad fact that the issues involved in the struggle against Communism are essentially philosophic and politics as practiced in a parliamentary democracy are merely used as a means to an end and never as an end in itself. If Communist leaders were to decide that the battle was going poorly for them in the parliamentary type body known as Congress, which seems to be the center of crackpot politicians who have a mania for dispersing our national wealth over the surface of the globe at the expense of gullible Americans who actually consider these politicians as great humanitarians, they would call upon the great masses of misled American workers to revolt against "the corrupt Capitalist ruling class in America." We witnessed in the last political scramble, the emergence of left wing Socialist minded politicians as leaders of the nation. The defeat of the Republican Party was due solely to the widespread apathy of the great majority of the American people who are fed up with the mad scramble for positions at the public swill pail by the usual motley crew of boresome and utterly inadequate politicians from the old line political parties.

Communism, as a dynamic political and social philosophy or way of life can only be defeated by a more virile and logical philosophy based on the adequate and just use of American wealth and resources for and by the population of our nation. No one in his right mind can hope to combat this plague by glorifying the mummified and outmoded belief in parliamentarian government. The victors, that is the groups who succeed in placing political stooges in office, are always the well organized racial minorities who

vote in a political bloc and own a large segment of the American, so called, free press. These minority groups, both here and in Europe, have invariably voted and fought for the Socialist and Communist philosophies of a non-existent universal equality.

To make the situation far worse, many intellectuals belonging to these racial minorities hold dominant positions in our labor unions, these same officials aided and abetted by that part of the press controlled by the racial minority groups are stirring up class hatred and envy, the forerunners of outright Communism throughout America. American workers have been coerced, misled and very often threatened with the loss of their jobs, the one slender thread on which hung the lives and welfare of their families, by the labor czars who rule the supposedly free unions of America. Whether or not he so desires the American worker is forced to pay exorbitant dues and go out on strike for indefinite periods at the whim of his masters, who are invariably supported in their vicious tactics by both the press and front organizations of at least two of our expertly organized racial minorities. All who defy the exorbitant demands of these labor dictators are accused of being fascists, scabs, labor baiters and invariably are accused of the old Marxist standby; racial prejudice. How can a working man adequately support his wife and family, if the national labor force which should be administered and protected by the State, is being constantly used as a pawn in the game of breaking down class unity within the national borders?

As opposed to the Marxist doctrine of universal equality, creation of a mulatto or hybridized race of serfs for a group of intellectuals belonging to the racial minorities who conceived the basic philosophy of Marxism, Animism is a Nationalist philosophy based on the sound fact that our nation has been, is, and always will be the envy of the civilized world because of our system of private enterprise and individual initiative which enabled ambitious and hard working immigrants to build up the colossal economic empires

of today. Animism offers all citizens the right to work, compete and by their own ambition and ability to prove themselves worthy of economic or professional success. A man must rise or fall by his own merits in this world and no Marxist theory can make a fundamentally weak and unambitious nature into a successful, upright and honest worker. If the Marxist theory of a universal equality had a basis in fact then no working man would be able to strive in order that his children might have the better things in life. Equality implies the absence of change or flux hence no man could, on the merit of greater ability or merit rise above his fellows. All ambi-

tion would perish and living would be considered futile. Neither races nor individuals are equal and only the best stock and the most capable and ambitious are deigned to govern, this is the fundamental tenet of Animism; the second tenet being that all citizens of the state have a right to a free college education and freedom to compete with each other and gain success in their chosen field of endeavor through perseverance, ability and ambition.

"Verily I laughed many a time over the weaklings who thought themselves good because they had lame paws."

Nietzsche

THE D. P. ISSUE:

An interesting headline appeared in several of our metropolitan newspapers recently concerning the fact that 50,000 jobs, and 50,000 homes had been prepared for the arrival of D.P. immigrants from Europe. This policy endorsed by the national politicians leaves out, as usual, consideration of both American veterans and the average civilians, not to mention thousands of young people who are waiting for apartments to start out in married life. Of course we really can't expect these knights of the debating table to take an interest in mere common Americans when they have a chance to cater to the organized voting blocs of the minority groups, whose newspapers poured forth hosannahs of praise for this piece of D.P. legislation. A wounded boy from the American merchant marine recently wrote to one of our larger New York newspapers telling how he had to leave a Navy hospital to make room for the arrival of D.P.'s.

Even if these emigrants from Europe were desirable citizens, a matter of very dubious aspects, it would not excuse this treatment of the American people, who after all are the ones

who pay for the political swill pail on which the Washington bureaucrats feed. The facts are, however, that these emigrants are branded as undesirables in the lands of their birth due to treasonable activities. Most of them were inmates of European prisons and outright advocates of Communism, Socialism and similar Marxist movements. Once they gain the right to vote, the left wing parties in America will experience the necessary surge of strength to carry them to power. No wonder Stalin can afford to wait, with typical Asiatic patience, when he knows that the cancer of Communism is daily gnawing at the vitals of our nation. Every influx of so-called refugees hammers another nail into the coffin of American freedom. Furthermore if these refugees desired work, there is far more opportunity in war devastated Europe than in America where plenty of young G.I.'s are out of jobs. We ask you America, Who comes first, refugees and ex-jailbirds who have been kicked out of Europe or American boys who proved their loyalty and devotion to America? This may not mean much to politicians but we think the average American will know what we mean.

ANIMISM AND PRIVATE ENTERPRISE:

The Marxist agitators, both in the streets and through the minority controlled press, shriek daily a host of imprecations against the National Association of Manufacturers and so-called Wall Street monopolists. This is the same pattern used by the Marxists in foisting a Socialist regime on the British Empire, although the now victorious Socialist standard bearers of that hapless land do not hesitate to whine and plead for further loans from this den of reaction, as they like to term the U. S. A.

The facts are comparatively simple. Marxism always attempts primarily to gain control of the national labor force through domination of critical posts in the labor unions. Having accomplished this task, the racial minorities who furnish the intellectual power behind Marxism, seek to create class hatred by stirring up the workers against management and vice versa. Indeed, they

do raise the worker's wages, providing they don't mind spending one quarter of their time marching on picket lines and paying exorbitant dues to finance the political and social campaigns of these minorities, but the part the worker is not told concerns the fact that everytime wage boosts are granted, the employers are forced to raise the prices on their commodities. What does a worker benefit if in receiving five dollars more a week, the commodities of food, transportation and general cost of living rise simultaneously. This benefits only the Marxist labor bosses who seek to create a depression in our great nation, during which calamity the grim and bloody shadow of the hammer and sickle will descend upon America as it has done upon Europe and Asia.

The National Renaissance Party is, through the philosophy of Animism, devoted to the promulga-

tion of a renascent Capitalist viewpoint. The workers of America can rise to greater heights as champions of their nation's destiny than as tools of racial minorities whose aim is the subjugation of the world according to the views of their philosophic mentor, Karl Marx. The task of the State is to raise the working class to the position where all their children may have an equal education and enter life thoroughly trained for work in his chosen profession. Full employment can be assured by means of our proposed Ten Year Reconstruction project for the purpose of erecting ultra-modern homes at low rentage for all our people. One half of the money spent by Democratic and Republican parliamentarians on European and Asiatic projects would have been sufficient to launch this campaign at once.

The labor czars tell American workers about the vast benefits which they have made possible for them but where are these benefits? The labor czars repeatedly praise the U.N., which would nullify the existence of the U. S. A. as a separate national entity and replace it with a world government dominated by the Soviet Union by virtue of her right of veto in that world debating club. Furthermore, the U.N. body on world social relations have come up with the typical Marxist drivel that it will be considered perfectly all right if white, Christian girls should marry with Negroes, Mongoloids and God knows what else. Obviously we are far more careful with the breeding of our livestock and pets than we are with

our own race of mankind or do we suppose that God, creating man in the image of himself, envisioned himself as a mulatto or similar half breed.

As to whether private enterprise is persecuting the American worker, let us look at the record. The great housing developments for employees such as Stuyvesant Town, Peter Cooper and many others were erected by such corporations as the Metropolitan Life Insurance Company and New York Life Insurance Co., but I fail to see anything similar being done by the labor union bosses despite the vast sums which they expect as tribute from hard working Americans. On the contrary, the racial minorities are agitating against these corporation built developments because the management and tenants refuse to have Negroes from Harlem move into their homes with them. Perhaps the editor of the "New York Star," formerly "P.M.," who is constantly agitating on such matters, would care to have a bevy of Negroes move into his home. "Do unto others, as you would have others do unto you." Of course the "New York Star" calls itself a liberal paper, but we've heard that term before.

Private enterprise has been the backbone of American defense and the envy of the European and Asiatic people for one reason, namely, that it has raised our production and living standards to heights undreamed of in these economically backward states.

WHAT WE STAND FOR:

The National Renaissance Party has been created for the following purposes:

1. To organize a voting bloc of American citizens of Finnish, German, Latvian, Esthonian, Lithuanian, White Russian and Latin extractions to oppose the flood of Marxist ideologies in America and to act as a counterweight to the racial minority voting blocs.
2. The erection of the National Renaissance Party as a political force in its own right, to wrest control of America from the cowardly middle class parties who have become instruments for electing candidates satisfactory to the minority races but hostile to the interests of the great mass of the American people.
3. To organize the power of American industrial interests in a campaign to educate the great mass of the American people, in particular the workers and win them back to their race and nation through the medium of a vast educational campaign to be launched by the National Renaissance Party.
4. To expose the truth behind World War II by making known the insidious chicanery of the New Deal regime in driving this country into war on behalf of the minority races, who had driven the nations of Central Europe into a state of righteous fury against the slow moral poisoning of their people. We are experiencing the same sensations in America at present resulting in vicious sex crimes, sex orgies between Negroes and teen age white girls in Minnesota and the rising tide of pornography and sexual degeneracy as depicted in our literature, films, art and music.

NATIONAL RENAISSANCE BULLETIN

FEBRUARY, 1949

Official organ of the National Renaissance Party devoted to Animism, a philosophy based on the values of individual personality, private enterprise and government by the intellectual elite.

"Weaklings praying for miracles to make easy the path their own wills should clear. Beggars who whine for alms from dreams. Shirkers each struggling to place upon his god the burden whose carrying and whose carrying alone can give him strength to walk free and unafraid, himself god-like among the stars."

"For how long a time in the history of the earth has man been master of it? For a breath—for a cloud's passing. And will remain master only until something grown stronger wrests mastery from him—even as he wrested it from his ravening kind—as they took it from the reptiles—as did the reptiles from the giant saurians—which snatched it from the nightmare rulers of the Triassic—and so down to whatever held sway in the murk of earth dawn." "Life! Life! Life! Life everywhere struggling for completion!"

"Life crowding other life aside, battling for its moment of supremacy, gaining it, holding it for one rise and fall of the wings of time beating through eternity—and then—hurled down, trampled under the feet of another straining life whose hour has struck."

"Life crowding outside every barred threshold in a million circling worlds, yes, in a million rushing universes; pressing against the doors, bursting them down, overwhelming, forcing out those dwellers who had thought themselves so secure."

A. Merritt,
The Metal Monster

NATIONAL RENAISSANCE PRESS ASSOCIATION:

The National Renaissance Party, as one of the two existing Nationalist parties in the United States, is seeking to establish a greater degree of cooperation and joint effort among pro-Nationalist publications here and abroad. The success of the venture we are undertaking depends entirely on the willingness to cooperate of the editors of these publications. Since 1933 we have all been sadly lacking in that spirit of comradeship and common effort towards a common goal which has been responsible, not only for our failure to attain political victory but also our failures to prevent the repeated victories of the Marxists. For once let's bury the hatchet of petty jealousies and antagonism and work together. If each Nationalist editor will read this and then appoint himself as a self appointed committee of one to carry out his or her part of the bargain, we can stop complaining about our enemies and start rolling up political victories ourselves. Let's borrow a leaf from the Marxist book and learn how to work together for a Nationalist leader in the White House in 1952. We will all find this more valuable than harping on petty issues and back biting each other. The Red Press in New York has admitted time and again that the one thing it fears is Nationalist unity such as came in Germany under Hitler, Spain under Franco, etc.

Now here is the plan. We are developing a National Renaissance Press Association, no dues whatsoever are required; just cooperation on the part of each editor, here and abroad. Here is what each editor taking part in this press association will be required to do:

1. Once a month each editor will reserve a page for the National Renaissance Press Ass'n. On this page will be placed, the name of each publication, foreign and domestic, supporting the Press Association, the name of its editor, the mailing address, and a review of the particular work carried on by each publication. By this means every publication participating will have a chance to greatly increase its circulation and the number of its subscribers. No matter how many or how few subscribers you have at present, each editor stands to gain by his cooperation. Furthermore the Nationalists who read these publications will be given an expanded view of the nation-wide as well as the International Front on which the death struggle between Marxism and Nationalism is being waged.
2. All editors participating in the National Renaissance Press Association will exchange their publications each month.
3. All editors participating in the press association will, inasmuch as they are affiliated to no political party, support the National Renaissance Party in such national functions as taking up petitions for redresses of local, state or national grievances imposed by Red statesmen, advertising important mass meetings, etc. In fact, whenever we hear of Nationalist meetings anywhere we should all cooperate, to the best of our ability, to make them a success.
4. Each editor cooperating in the National Renaissance Press Association will give space to our Nationalist allies who have publications functioning overseas.

It is the lack of ability, the foolish placidness or misguidance that has caused our people to take no notice of the false tactics of these racial pressure groups? We are in very great need of a racial organization, for our people, to protect us from the liberty destroying actions of these racial pressure groups. It is time that we give up complaining and act as one people to work for our own race by means of the United Caucasian Organization, which incorporates the following organizations:—

1. A Law Body—The Caucasian Congress to legally defend the racial rights of all our people throughout the United States.
2. An Educational Body—The Caucasian Educational Center to give our people the true Caucasian Anthropological knowledge of our race.

3. A true united Christian Church, the Caucasian Christian Church devoted to uniting our divided Christian Caucasian people into a true Caucasian Christian Brotherhood. The Caucasian Christian Church only believes in the New Testament and all contributions are used to spread Christianity among our bewildered and divided people.
4. The Financial Body—The Caucasian Foundation to whom you will please make your contributions in order to conduct our fight to make our people free racially from dictatorship, coercion and exploitation.

Your contributions may be sent to The Caucasian Foundation, c/o Mr. James H. Madole, National Director, National Renaissance Party, 224 East Main St., Beacon, N. Y.

Harry E. Reynolds, Director.

ATTENTION SUBSCRIBERS!

Beginning next month we will have a brief readers column, carrying highlights from your letters. Queries as to where you can obtain certain literature or any other material will be printed, but only with your permission to let us

print excerpts from your letter.

Remember, also, to get your subscriptions in as this always helps in carrying out our work to reach thousands of new Americans each month and convert them to a Nationalist way of life.

TRUTH ABOUT THE WAR TRIALS:

The courageous American editorial writer, John O'Donnell, came out on January 10th with a smashing expose of the inhuman treatment imposed on German prisoners of war in the so-called war crimes trial. Mr. John O'Donnell records the statement of Judge Edward LeRoy Van Roden of Orphan's Court, Delaware County, Pa., who was part of a commission studying methods used by the American prosecutors at the recent Lachan trials. We quote: "The statements which were submitted as evidence were obtained from men who had first been kept in solitary confinement for three, four and five months. They were confined between four walls, with no windows, had no opportunity to exercise. Two meals a day were shoved into them through a slot in the door. They were not allowed to talk to anyone. They had no communication with their families or any minister or priest during that time."

"This solitary confinement proved sufficient in itself in some cases to persuade the German to sign prepared statements. These statements not

only involved the signer, but often would involve other defendants.

"The investigators would put a black hood over the accused's head and then punch him in the face with brass knuckles, kick him and beat him with rubber hose. Many of the German defendants had teeth knocked out. There were also broken jaws."

Mr. O'Donnell performed a great service in getting out the facts. In summing up the means used by American prosecutors (New Deal Civil Service Type), Mr. O'Donnell states that according to Judge Van Roden the following means were used:

"Posturing as priests to hear confessions and give absolution; torture with burning matches driven under prisoner's fingernails; conduct of mock trials with a crucifix on table and lighted candles; beatings and brutal kicking which permanently destroyed the male reproductive organs; knocking out teeth and breaking jaws; solitary confinement and near starvation rations; denial of all spiritual solace by Catholic or Protestant chaplains."

We wish to take this opportunity to thank those of you who sent in donations and subscriptions last month. Our reaching hundreds of new Americans every month with the truth and soliciting their membership is similar to the battlefield wherein we are the front line soldiers and

The above outline for immediate action can lead to the massing of American Nationalist strength toward a common victory. It is far from complete and we welcome all suggestions and queries but let each editor devote one page next

month to announcing the start of this campaign. Our March issue will show how many publications signed up for action. In short, let's stop talking and start acting.

Jesus Christ said: "Ye shall know the truth and the truth shall make you free".—St. John VIII:32. "Wherefore they are no more twain, but one flesh. What therefore God hath joined together (one Aryan Caucasian race) let no man put asunder".—St. Matthew XIX:6. "But the Jews, which believed not, moved with envy, took unto them certain lewd fellows of the baser sort, and gathered a company and set all the city on an uproar."

Plato said: "Most of the social and political ills from which we suffer are under our control, given only the will and courage to change them, you can live in another and wiser fashion if you so choose to think it out and work it out. You are not awake to your own power." This is the teaching that has yet to soak into the intelligence of the Caucasian race.

CAUCASIANS AWAKE

The Caucasian people of the United States are an energetic and progressive people descended from various European nationalities composed of Nordic, Alpine and Mediterranean racial groups. They fled from religious and nationalistic oppression and sought in the United States a haven of liberty, justice and a Caucasian life for their race. They have much to be complimented for in the creation of this great nation and the amazing scientific progress they have made, but there are two things they have not accomplished. First—the full use of a progressive racial knowledge of Caucasian Anthropology and second—the ability to cooperate as one racial people in order to solve the problems and right the wrongs, which are being daily gathered and committed against them, both as a group and as individual members of the Caucasian race by Pressure Groups representing other races.

We must have a full racial knowledge of ourselves and our people in order to be a free progressive people. There can be no ignorance or madness in a true racial knowledge of Caucasian Anthropology. Rather it is the highest civilizing peak we can ever hope to reach and is the greatest uniting instrument for the welfare of our people. It is the only means of overcoming religious division and confusion. It is the only untried means of overcoming nationalistic exploitation and destruction.

We may rant and complain about the constant wars, bad government, labor antagonism, child delinquency, divided Christian Churches, etc., but how are we ever going to solve our problems as a divided people? Yes a divided Caucasian people—divided into different religious factions (the religion of Brotherhood), divided sectionally into a North and a South (by the famous Northern Iron Curtain of so-called Anti-racial propaganda), divided into different national factions and divided into clashing classes and social groups. Some weak ones among us seem only able to be

dragged together in order to work for other races against their own people. When do we ever expect to work together for the good of our own race and our own beliefs?

Both parties in the last election attempted to impress upon the Caucasian people in the United States that such issues as racial privileges granted under the so-called Civil Rights laws and the so-called FEPC acts were the basis of freedom for other races, whereas these racial laws and acts are the basis of privilege for other races and the very means for the exploitation of our race. Both parties were forced to call these issues to the attention of our people continuously in order to appease vile pressure groups representing such racial groups as the National Association for the Advancement of Colored People, an association under the control of half breed Negroes, whose mad desire is to control all the Caucasian people in the United States by means of liberty destroying Negro racial preference laws. This organization is in full cooperation with the Anti-Aryan Caucasian group, the Anti-Defamation League of Bnai Brith (defamers of all they cannot exploit and enslave.) The Anti-Defamation League of Bnai Brith, The Jewish Congress, the Negro Congress and the National Association for the Advancement of Colored People, all control and support the racial pressure groups, which are doing so much to Communisticize our government, our educational system, our Churches, our labor unions and our industries. They have even gone so far as to undermine and Communisticize our military forces by having racial anti-Caucasian preference laws enacted for other races in our army and navy. They have as their motto: "Prevent the Caucasian people from knowing their racial abilities from the cradle to the grave so we will be their masters." Their lobby in Washington known as "The Black Cabinet" is busy bribing and threatening every Caucasian leader in our government into turning upon and dividing our people.

(The attached issues indicate that the National Renaissance Party is intensely nationalist and Fascist in its declared aims.)

The files indicate no reference to the National Renaissance Party, but show that the Chief of Police in Beacon N.Y. in January 1946 reported a "Youth of America" movement in the Beacon High School, of which Madole, then a senior in High School was the leader. According to the files, this "Youth of America" movement had substantially the same tenets as the "National Renaissance Party".

The files indicate that the Postal Inspectors had an investigation of the "Youth of America" movement.

The original issues of the Bulletin were returned to the informant at his request.

Confidential Informant [] advised SE [] on July 25, 1949 that WILLIAM H. MacFARLAND, Director of the Nationalist Action League, had attended a meeting in the Bronx at 183rd Street recently. The exact date of this meeting was not given.

MacFARLAND indicated that this meeting was quite a bit different than those generally held in Philadelphia, and that while it was not too rough, there were times when he was a little fearful. According to MacFARLAND, JAMES H. MADOLE, Director of the National Renaissance Party, has organized about two hundred persons, most of whom are elements of the Old Christian Front.

With reference to the meeting held at 183rd Street, MacFARLAND pointed out that it was orderly until some people of Jewish extraction started to call names and one of the members of the National Renaissance Party lost his head and attempted to strike one of the hecklers. This person was stopped from doing so when the policeman assigned to maintain order broke up the meeting at that point.

The speakers at this meeting were MacFARLAND, [] and an individual identified only as []. Among the hecklers, MacFARLAND pointed out, were 250 members of the Jewish War Veterans and these war veterans asked MacFARLAND a number of vicious questions and he indicated that he had some trouble during this period.

He pointed out, however, that when the questioning got to intense, [] who is []

[] took care of the questioners and advised them to stop asking any questions.

With reference to [] MacFARLAND mentioned that [] has only two pastimes—one of which is collecting suppressed books and the other is working for the National Renaissance Party.

MacFARLAND pointed out that he and JAMES H. MADOLE had discussed a proposed merger of the National Renaissance Party and the Nationalists Action League when MADOLE had been in Philadelphia. As yet, there is no basis for a merger, according to MacFARLAND, but he did point out that they did agree on terms for close cooperation.

MADOLE, according to MacFARLAND, has a very specific program worked out and will not deviate from that program one inch, and this is the reason that merging with his organization would be most difficult for the Nationalist Action League.

In describing MADOLE to the informant, MacFARLAND stated that MADOLE is a very well educated, but not an impressive looking individual. He is quite frail; however, he has the power to hold and control the people in New York. MADOLE was also described as a person who had a Prussian background and believed in the aristocracy of the country and the fact that this country should be ruled by the intelligently elite, rather than by the average person who is able to vote.

With reference to the individual identified only as [] above, MacFARLAND advised that [] is the only one who is carrying on the Christian Front work.

"The crowning achievement of the meeting was JIMMY MADOLE. He is a real vicious ---. Quite a master of subtle sarcasm with an Irish (?) accent. He is near six feet tall and very thin. Light brown hair parted on side, receding high forehead, deep-set long angular nose, thin red lips around a wide mouth full of white teeth, sunken cheeks and receding chin. This joker wore a brown (khaki) shirt and a black four-in-hand tie, grey pants.

"He told of the Bronx meetings, how they were heckled by a mob of Jewish War Vets, how a Bronx resident NA Party member and speaker at the meeting named [redacted] pushed a Jew and was put in the cooler; 'where he may now be for all I know.'

"He said that the high point of the movement was the old Christian Front and that some of the old leaders, [redacted] and a guy named [redacted] were back on the firing line. They know how to handle the Jew, said he. No use talking. We've been talking for ten years and where did it get us. [redacted] knows jujitsu and has cauliflower ears. "He's going to hold a monster meeting in the heart of Yorkville, New York City, next month and going to recruit a thousand or two German-Americans. Then they will be primed for action.

"He don't got the idea violence is anti-Christian, said he. Christ used violence (a whip) to drive them from the temple. We ought to get enough to 'March down there' (meaning obscure) and clean the whole works up. MADOLE quoted HINDENBURG but I remember it imperfectly — something to the effect that the enemy's greatest aid is the indifference of the little man.

"He told of brushes his men had (physical violence) with the Jewish pickets outside the A & F. I assume it was the headquarters or a store in New York City. Jews picketed for EEPG. They never knew what hit them until one happened to be in the police station when he and BURE were requesting permission for another meeting. After that a Jewish gent from the National Better Business Bureau sent them a letter requesting a lot of silly information. They're still waiting and will wait quite a bit longer for a reply."

He Wants to Be Fuehrer

By HARRY HENDERSON

This is a story of a young man who dreams of being America's Fuehrer, who is trying now to unite all the anti-Semitic, nationalist and racist groups in the East behind him. This is the story of how he lives, how he works, and how he got that way.

Newspapers recently carried accounts of a "swaggering, upturned" James H. Madole, leader of the Nazi-like National Renaissance Party, claiming before a Philadelphia audience that he helped organize the riots at the Paul Robeson Peekskill concerts. He reportedly said:

"I was very proud to have had a part in organizing it."

"It was 3,000 veterans against 12,000 Jews... and 3,000 veterans against 12,000 Jews is enough!"

Learning that Madole lived in Beacon, N. Y. (pop. 12,000), some 20 miles above Peekskill, I went looking for him. Inquiries in downtown Beacon produced no one who knew him. The city directory, however, listed a Mrs. Grace Madole at 222 E. Main St., a large white frame house part-way up Mt. Beacon. This was it.

Thin, Anemic and 22

Madole turned out to be a thin anemic-looking boy of 22, who suffers from chronic asthma and cannot stand too much excitement. On seeing him, you know instantly that this wispy person did not organize the Peekskill violence. At most he might have dreamed he did. Madole actually seems to be in a trance. His eyes are glassy and when a question is asked suddenly, his eyes turn downward and his head jerks sidewise.

Madole lives in the living room of the apartment he shares with his mother. It is a clean, airy but shabbily furnished, heated by an oil stove, equipped with a few chairs, a sofa, a card table laden with anti-Semitic tracts and such magazines as "Weird Tales" and "Science Fiction." The books on his desk include "Mein Kampf," "Der Fuehrer," several anatomy and chemistry volumes and the collected works of Nietzsche.

Madole assured me stiffly that

he was the leader of the National Renaissance Party which, he said, stood for government by the "intellectual elite."

He speaks very rapidly. From time to time his hand smooths his hair. His eyes do not look at you but glassily stare beyond you. When he's about to make a point, his eyes gleam. After he has made it, a sly smile crosses his face. He walks in a stiff, jerking manner, holding himself so erect that sometimes he is leaning backward.

When I asked if I could bring up a wire recorder from my car, he seemed rather pleased. His eyes gleamed every time he spoke into the microphone. Most of the following story is based on the wire-recording and on subsequent talks, including a second visit at which his mother was present.

When I brought up the Peekskill riots at the first visit, he seemed both frightened and proud. I said the papers had reported that he claimed in Philadelphia to have helped organize the riots, was that true?

"Well... a few of our fellows (members of the National Renaissance Party) may have been there, but I can't make any definite quote on that."

Has he been subpoenaed by the White Plains Grand Jury investigating the riots?

"No reason to be. Not a person can say I was in Peekskill and not a person can say any friend of mine was in Peekskill."

A Different Version

Later he gave me a different version of how he came to claim credit for the riot violence. He said it was all McFarland's fault—meaning William H. McFarland, head of the fascist Nationalist Action League of Philadelphia and whom Madole recently made Pennsylvania director of his National Renaissance Party.

McFarland put out these hand

bills to get publicity. He thinks he is the "greatest guy in the world at getting publicity—used to work for the government—so he put out these handbills about Peekskill. I went there (to Philadelphia) to state the aims of the National Renaissance Party and found it was supposed to be about Peekskill. So I had to say something about Peekskill. That is the second time McFarland has done that to me," he said somewhat bitterly.

The handbills read: "Hear the story of the Red riot at Peekskill, as told by Mr. Madole, whose group helped hold the Reds in check!"

McFarland seems to have taken advantage of the fact that Madole lived near Peekskill in the hope of attracting a larger crowd and contributions.

Madole says his NRP is derived from "animism," a philosophy he developed himself, which is based on "values of individual personality, private enterprise, and government by the intellectual elite." He attacks democracy as "rule by the ignorant mass," and rejects the "liberal democratic line," which he calls "the general idea of breaking down all forms of racial pride and the general idea of mongrelization of the races."

The United Nations reflects "pa-

times he speaks of being "100 per cent private enterprise."

At one point he slyly pointed out: "I've never attacked Big Business." Later he attributed failure of other nationalistic, fascist leaders to "their attacks on Wall Street. They do not realize that they cannot succeed without Wall Street." He admitted he does not have any big industrialist backers yet, but he quite obviously hopes to attract such financial aid, much as Hitler did in Germany.

Circularized Red Trial Jurors

Madole told me that when the names and addresses of the jury panels for the trials of the 11 Communist leaders were published before the trial, he sent each prospective juror a copy of his anti-Semitic, anti-Marxist "National Renaissance Bulletin."

Every few weeks he holds street corner rallies in Christian Front neighborhoods in the Bronx and in Yorkville. Twice banned by the police, he claims the ban was lifted by intercession of a Congressman friend. He tries to appeal to veterans, although he is not one himself. He claims 145 members in the Bronx. In Yorkville he has picked up some of the old German-American Bund membership through the co-operation of Kurt Mertig, head of the pro-Nazi Citizens Protective League. In Queens he has acquired the remnants of the Christian Front through C. Daniel Kurts, its former director. In Philadelphia, he claims 300 members, former followers of the fascist Nationalist Action League. He also claims members in the deep South, particularly in Atlanta.

Parents Separate

Madole uses the U. S. mails to distribute anti-Semitic and nationalist tracts, bundles of which he receives from various nationalists for resale. Some of the material he imports from Sweden and other foreign sources.

This would-be Fuehrer was born in Brooklyn. His father and mother

(Continued on Magazine 15)

(Continued from Magazine 1)

ther separated when he was quite young. Of his father, who was French, Madole says only: "I don't know whether he's alive or dead." His asthma developed in Brooklyn and his mother moved to the Bronx in the hope that a less congested area would help him. It did not and finally, 10 years ago, she moved to Beacon, believing the mountain air would aid him.

Meanwhile she continued to work as a clerk for a New York life insurance company, putting in five hours a day traveling. She leaves home at 6:30 a.m. and does not return until after 7 p.m.

Studied Astronomy

Kept weak and thin by his asthma, left alone most of the time, James had no friends and few opportunities for making them. Tired from work and travel, Mrs. Madole seldom went out, made few friends. They depended on one another for friendship and companionship, went walking in the nearby mountains on weekends. James had no religious upbringing so that there was no opportunity for him to make social contacts in church. At school he kept to himself. According to other Beacon boys, "you couldn't make friends with him."

For a while he studied astronomy avidly in his lonely leisure time; then chemistry, setting up a laboratory in their apartment until the odor of the chemicals became unbearable. Out of his scientific interest came his dream to

German Americans! The National Renaissance Party and its director James H. Madole fought for you and your loved ones in Germany. Invest three cents and place your protest with the Police Commissioner. We fought for you, you fight for us.

APPEAL TO PRO-NAZIS is strong in throwaway of Madole's National Renaissance Party.

create a "scientific" society, ruled by the intellectual elite.

Mrs. Madole is tall, gray-haired, with a distracted air and the same nervous habit as her son of turning the head downward and to the side when spoken to. She highly approves of James' political program and is a rabid anti-Semite, expressing her hate in more emotional tones than James, sneering at "kosher" meat markets and blaming the Jews for all that's wrong with the world. Until I met her, I could not discover where James had picked up his anti-Semitism which, unlike his mother's, is rationalized as "scientific."

After graduation, he went to work in New York City for a textile firm. When I first talked with him about it, he said, "It got to be too much. It was a boring job, just writing down orders all day, and what with the commuting it was too much. Besides, it only paid \$32 a week." At this time he began to contact nationalist groups and began to send out his own anti-Semitic literature. His Jewish employers learned of his anti-Semitic activities and fired him by telegram.

Became a Full-Time Job

He turned then to working full time at his hate program. He got mailing lists from other pro-fascist, nationalist leaders, most of whom have been interested for a long time in consolidating their scattered forces. I asked how they received him: "Most of them looked upon animism with favor. I mean, they'd pat me on the back and say the future belonged to me and that sort of thing. Most of them realize their programs will never work and that they are too old and so they are ready to go along."

I asked him about Gerald L. K. Smith. "Ah," he said, "he always drags religion in. I don't, and besides I sometimes think he makes too much of a business out of his ideas."

What did that mean? "Well, so I have received nothing but

quently to see friends like John Howland Snow, author of the "The Case of Tyler Kent," which is a pro-fascist explanation of the Kent case. Kent, a U. S. embassy clerk in London during the war, was convicted of being a Nazi intelligence agent. "You have to write to Snow, care of Grand Central Annex. He won't give his address. You always have to meet him in a restaurant."

Smythe Doesn't Qualify

I asked if he knew Edward James Smythe, leader of the Protestant War Veterans and now under indictment in Newark for mail fraud.

"I would hardly consider that man an example of the intellectual elite," he replied. He maintains close relations with Mertig and with C. Daniel Kurts, a Christian Front leader, "although he doesn't know much about the intellectual elite, I fear."

Sometimes Madole visits nationalist friends in Chinatown. He believes that the National Renaissance Party could help Chiang Kai-shek's government, adding that "they are well-financed."

On my second visit, I asked if I could take his picture. He refused, said he would not co-operate any further. "I have talked to my friends in New York and... well, the first time, that's over with, but I will not co-operate any more."

One reason he did not want his picture taken is that he sometimes goes snooping around the offices of liberal and democratic organizations, such as The Society for the Prevention of World War III. The only photograph available is reproduced on one of his leaflets. It had been retouched to strengthen the jaw line, nose and mouth; only the glassy eyes remain the same.

When I left, he warned that if I said he had organized the riots at Peekskill, he would sue. I found him dressed up in the khaki army shirt and black tie he wears when he speaks at street rallies. I asked if he was going to speak somewhere. "No," he said, looking nervously at his mother.

As of possible assistance in further identifying the NATIONAL RENAISSANCE PARTY, Beacon, New York, of which JAMES H. MADOLE is Director, the following information contained in New York files is being made available to the Charlotte and Philadelphia Offices:

On February 24, 1949, Confidential Informant [redacted] made available to SA WILLIAM S. TAVEL of the New York Office, January and February, 1949, issues of a publication called, "The National Renaissance Bulletin," which copies were received through the mail by one [redacted]. These were apparently sent by JAMES H. MADOLE, 224 East Main Street, Beacon, New York, who was listed as Editor of the publication. The name of [redacted] had appeared in the press in connection with [redacted]

[redacted] and she assumed that MADOLE obtained her name from the newspapers, inasmuch as she had never heard of this individual before.

New York files during February of 1949, indicated no reference to the NATIONAL RENAISSANCE PARTY, but did reflect that the Chief of Police in Beacon, New York, in January of 1946, reported a "Youth of America" movement in the Beacon High School, of which MADOLE, then a senior in high school, was the leader. According to the files, this "Youth of America" movement has substantially the same tenets as the NATIONAL RENAISSANCE PARTY as set forth in the bulletins above referred to. The files further reflected that the Postal Inspectors investigated the "Youth of America" movement.

The original issues of the above-mentioned bulletins were returned to the informant at his request. One photostatic copy of each is being transmitted herewith for the information of the Philadelphia and Charlotte Offices, respectively.

One photostatic copy of each of the foregoing is also being made available to the Philadelphia and Charlotte Offices.

On October 8, 1949, one [redacted] telephoned the New York Office to inform that he had attended a meeting of the NATIONAL RENAISSANCE PARTY at 87th Street between Second and Third Avenues, New York City, on October 7, 1949, at which gathering approximately 145 persons were present. According to [redacted] this was a Fascist group. He stated that the officers were as follows:

"animism" and government by the intelligent elite. The organization planned to attack political street-corner meetings of all kinds by the use of stons-throwing and other forms of violence.

For the further information of the Charlotte and Philadelphia Offices, there is being made available a photostatic copy of an article entitled, "He Wants to be Fuehrer," written by HARRY HENDERSON, which appeared in the November 20, 1949, issue of the "Compass," a left-wing daily newspaper published in New York City. This article, it will be noted, is devoted to JAMES H. MADOLE.

the new 82nd Congress must make it the first order of business to stop appropriating money to pay the salaries of all these arrogant federal employees who for years past have been insulting the American public and have not only proven to be totally inept, but even have repeatedly and openly been accused, and in some cases even been found guilty of adhering to Communism.

And this allegation includes not only Acheson, but also the last blustering bell hop of the Pendergast clique of office holders.

If President Truman keeps rolling his mind's eye over this teeming horde, calculating how they can be used to make him Emperor Harry I, now and beyond 1952, without giving thought exclusively to the welfare of the American people then the U. S. Senate and the House of Representatives ought to introduce a joint resolution (just short of impeaching him):

WHEREAS the American Nation is made up of free and independent minded citizens and as such are entitled to know what their hired public officials want them to do in the way of war and sacrifice in the matter of American foreign and domestic policy, and

WHEREAS President Truman is either unwilling or unable to supply specific answers to specific questions within a reasonable time;

BE IT THEREFORE RESOLVED that the Speaker of the House and the President pro tempore of the Senate shall appoint a select joint committee of the two houses for the purpose of considering and recommending a national foreign and domestic policy designed to meet all vital questions pressing for the decision by the American people.

If the President can't, then Congress must do the job!

THE JEWISH TROJAN HORSE IN AMERICA!

America, if given time, can create a strong army, navy and air force to defend our people from aggression launched from without but we are hopelessly unprepared to meet a Red stab in the back from within. It should be kept in mind that all Red offensives, thus far, have been launched from within and the blows have been struck by Native revolutionists as in Czechoslovakia, China and Korea. Like the hapless Trojans of Homer's famous classic, the Iliad, the people of these lands have been struck down by Trojan Horse tactics, their defenses destroyed by treachery in their own ranks.

We were led into war against Germany and Japan for no other purpose than to clear these bulwarks against Communism from the path of Russia in Europe and Asia. Franklin D. Roosevelt, the greatest hypocrite of the Twentieth Century supervised these proceedings in order to satisfy the Jewish voting bloc in key Eastern industrial cities. Anyone who visited the houses of Congress in the critical days of 1940-1941 was likely to be mobbed by thousands of delegates from leading Jewish pressure groups centered in New York City and Chicago. The purpose of these groups was to drag Americans into battle lines to save the Communist Jews of Europe from their justly deserved fate and to clear the way for Soviet Russia in Europe by using American G. I.'s as innocent dupes to destroy Germany, the bulwark against Russia.

These same Jewish pressure groups are today the leading advocates of peace at any price with Soviet Russia. Ten of these Jewish groups including the American Jewish Congress, Jewish War Veterans of the U. S. A. and B'nai Brith, have objected to an American loan to Spain on the basis that Generalissimo Franco has interfered with religious freedom and is therefore a Fascist. Although Spain is one of the leading anti Communist nations in Europe, the Jews are doing everything possible to boycott her government. It is also interesting to observe that these Jews sometimes refer to themselves as a religion and sometimes as a race, according to which suits their convenience. Thus when DP. quotas are set we find Jews entering this country as Hungarians, Slovaks, Poles, Germans etc. monopolizing the quotas for other nationalities. They get away with this stunt by claiming to be a religion, not a race, though in Israel, which they ruthlessly seized from the Arabs, they claim to be a race and enact racial laws.

Although all the suspects in the atom spy case have proven to be Jewish, namely, David Greenglass, Harry Gold, Sidney Weinbaum, Julius Rosenberg and his wife, Ethel, Miriam Moscowitz and Abraham Brothman; nonetheless our cheap politicians refuse to state the obvious fact for fear of being labelled Fascist and having their political careers smeared by multi-million dollar Jewish smear groups like the Anti-Defamation League of B'nai Brith. Of course our boys in Korea could sit down and refuse to fight for fear their careers might be terminated by a bullet but to compare our young heroes with American politicians is similar to comparing Buckingham Palace with a farmer's manure heap.

We know also that the eight New York teachers accused of teaching Communism in public schools were Jews, so much so that they hesitated to employ Theodor Kiendle as their attorney because the law firm with which he was associated had no Jewish partners hence they feared it was antisemitic. Judith Coplon was the Jewess convicted of handing government secrets over to Valentin Gubitcher, Soviet agent.

Anyone who has read official German statements, not the kind concocted by Jewish newspapers in New York but official German documents, will realize that National Socialist attacks on the Jews were based solely on the fact that the Jews were the motivating force behind Communism in Germany. National Socialist anti-semitism had nothing to do with the Jews as either a religion or a race, but was based solely on Jewish treachery, which caused German defeat in 1918 through the medium of a Red inspired munitions strike led by Jewish trade union leaders. Should war come with Russia, America might well experience similar Jewish tactics behind our front lines and then we would understand the honest rage and anger of a man like Adolf Hitler, who saw his country stabbed in the back by Red Jews in 1918.

A WORD FROM ME TO YOU

Are we still citizens of the United States of America and does our government work for us?

Or have we become feudal subjects of corrupted government cunningly placed as a changeling in the cradle of the free and honest American institutions established by the Founding Fathers?

We are supposed to have a Republican form of government. And we are supposed to believe that Democrats must be democratic and that "free enterprise" must encourage freedom of thought and utterance, instead of bureaucratically suppressing that freedom.

But just enter the door of any government office and you will be driven to the conclusion that you must have been carried in your sleep beyond the seas and dumped into the anti-democratic atmosphere so widely advertised as being characteristically Russian Communistic or British aristocratic.

HOW DID THIS COME ABOUT?

The answer is: The American elective process has become deteriorated, because the American people have left the choice of candidates for public office to the politicians.

Just think of it. Democratic bosses advanced such names as Franklin D. Roosevelt Jr. and Robert F. Wagner Jr. as candidates for New York State Governor. Neither has yet displayed any ability nor have they had the experience to warrant even the mention of their names in relation to the Governorship of the largest state of the Union. Their only known virtue is that by accident of birth, they selected vote-getting fathers. Is this a new aristocracy that is creeping into American life?

Furthermore, are elective offices to be divided equally among the principal three religious beliefs of this country? If so, we might as well establish a theocracy and let the ministers, rabbis and priests run our national affairs.

This is decidedly not the American way!

America, in its present crisis, needs the services of its ablest citizens, but not on the basis of affiliation. This should be borne in mind by every citizen, when voting for members of Congress in two months from now and for the next President in 1952.

The disinterestedness of our citizens in our government (50% did not even bother to vote in 1948) is the cause for our country having gone so far down the road to ruin laughing at extravagance unto hundred of billions of dollars, that we could re-elect a man to the Presidency who had knowingly scoffed away treason as "Red Herrings" and that we forced upon Russia so much of our planet that inevitably will be used in the great showdown between the religious free lands of the West and the Godless despotism of Soviet Russia. It is our fault, because since 18 years we ridiculed honesty and thrift as though they were vices.

American citizenry must pay the bill of governmental waste. Can we afford to continue to stand idly by while the American commonwealth is driven into bankruptcy?

A PLAN FOR THE AVERAGE AMERICAN TO THINK OVER:

Since up to now President Truman has refused all of the people's demands (as well as the demands of members of Congress) for a thorough house-cleaning of all government offices—ridding them not only of Communists, but also of the long stale bureaucratic elements which have been syphoned during the regime of the "New Deal" and "Fair Deal" into the federal offices—and since appointed high government officials, such as Acheson, "refuse to turn their backs" on such former government employes as the convicted Alger Hiss, there remains only one thing to do:

Between now and Election Day on November 7th, our American voters should drum into the minds and conscience of all candidates for Congress the determination that in 1951

THE "FAIR DEAL'S" UN-AMERICAN AND UN-CHRISTIAN STATE DEPT.

Rev. Emmanuel Reichenberger has been known for years for his having espoused the cause of the German expellees who were driven by communist hordes at an hour's notice in the middle of winter from their ancestral homes in Eastern Germany and Sudetenland and who are now dying in camps in Western Germany.

At least five millions of those unfortunates have perished during the last five years, but yet, Rev. Reichenberger was informed by the U. S. State Department that his actions, while he was inspecting those camps, were distasteful to the U. S. High Commissioner to Germany and to the State Dept.

Considering that Communists and Jews outproportion the Christians in the U. S. foreign service, and considering Dean Acheson's make-up, one can readily understand that Rev. Reichenberger is "persona non grata" with them.

He would be dined and wine and would speak from the Waldorf-Astoria hotel—instead of having to use his own meagre funds and be in poor health at his modest home in Chicago—if he would appeal for help for "displaced persons" from the Red ghettos of Eastern Europe, or if he would engage in promoting legislation to flood this country with more jabbering left-wing Jews.

This idea of coddling Communists and Jews has been uppermost in the minds of "New Dealers" and "Fair Dealers" during the last seventeen years and there ought to be a golden opportunity for American patriots now to stop this abuse.

All members and friends of the National Renaissance Party are requested to vote for:

Thomas E. Dewey—Republican Party—for Government of New York

Joseph R. Hanley—Republican Party—for U. S. Senator

Vincent Impellitteri—Experience Party—for Mayor of New York City

If you should neglect to vote and thereby permit such pro-Zionist candidates like Herbert Lehman and Ferdinand Pecora to be elected and thereby help to perpetuate the "Fair Deal", then you would help to sell the Stars and Stripes down the River and would not be worthy to live in the same country with those boys who are dying to halt the spread of Communism abroad, while Truman and his Jewish clique are trying to sell us STATE SOCIALISM here.

HOW TO CURB THE POLITICIANS

Such politicians as Ed Flynn could not be the Democratic boss of New York and conspire with President Truman to pull William O'Dwyer off a hot spot — if New York citizens were alert and vigilant.

Such men as Benton and Brien McMahon can sit in the U. S. Senate only because of the total interest of the citizens of Connecticut in the affairs of their State.

Such an uncouth and ignorant man as Harry S. Truman could not be the President of the United States, and cause 20,000 American casualties in his private "police action" against a "bunch of North Korean bandits" — and **cause inflation in this country run wild**, at least, before election — if people in most parts of the United States would redly care for the public interest and be less apathetical about their government.

One of the greatest issues facing the American people is the criminally wasteful cost of government as a direct result of the unprincipled policies and conduct of the Truman administration, for when one party remains in power too long, it becomes corrupt and its elected and appointed officials develop into tyrants. The only check on corruption and tranny can be the threat of the voters to throw the rascals out and elect their opponents. Fear of defeat alone can curb politicians when their power goes to their heads and they lose their sense of balance and proportion.

But if the citizens show no interest in public affairs and give the green light to the politicians — if the voters are satisfied with a name, a smiling face and a charming voice — then the politicians have everything their own way — as we see in the present exposure of police graft. There would be no crooked police, if there were no crooked politicians.

More even than by the absurdly excessive payroll—army of two million appointive jobholders—and "their sisters and their cousins and their aunts"—has the "Fair Deal" been kept going in its treasonable course by the pussyfooting and the "Me Tooism" of the Republican Party.

Because of this apathy on the part of its citizens, this country invites a one party control—than which there can be no greater danger—matter very little, whether such one party is named "Republican", "Democrat", "American Labor", "Experience", or what have you.

The only thing that matters is that the American people decide, whether they want top-notch, efficient officials—or good fellows, with glad smiles—and a hand in the till.

It is up to all of us who want to ban corruption from our city, state and national government—to demand debate and discussion of what is good for our country—because our structure of freedom rests on a foundation of citizen participation in government.

Also, if a candidate promises the moon—and, when elected, turns out to be a bad egg—let us make use of the recall and throw the rascal out without delay.

If we had followed that principle, we would not have had an ever-vacationing Mayor who dared to frown on a Grand Jury investigation of police graft as a "Witch Hunt" and the White House in our national capital would not be disgraced until 1952 by a nincompoop who blocks—as "Red Herring" every investigation of communist infiltration in government.

The Democratic candidates are:

for Governor—the "know nothing" "Fair Deal" wheel horse,

Walter A. Lynch;

for U. S. Senator—the international banker and Zionist,

Herbert H. Lehman;

for New York City's Mayor—the "do nothing" Tammany stooge,

Ferdinand Pecora;

To all three, as well as to the Manhattan West side Congressman, Franklin D. Roosevelt Jr. as well as to the Bronx cheer, Jakob Javits, we say "NIX"!

We recommend a bullet vote for Mayor Vincent Impellitteri, running under "Experience" Party. He has had five years of experience as President of the City Council; has been acting Mayor during O'Dwyer's endless vacations; and has refused Tammany's bribe of a \$28,000.—Judgeship for 14 years—if he would not oppose Pecora.

Ex-Mayor O'Dwyer, who only a month ago was titular head of the Democratic Party in New York City and once one of its chief vote-getters, to-day could become the loneliest man in town. All politicians shy away from the "fugitive" from scandals, while barely five weeks ago—when O'Dwyer left City Hall—seven bands made so much noise that questions weren't asked.

THE UNITED NATIONS IS TREASON!

In the coils of the United Nations, the all-powerful international conspiracy is choking the life of our nation!

On Guard! Americans! The much heralded United Nations Day on October 24th, 1950, should be called "National Surrender Day"!

The United Nations Charter has torn gaping holes in the structure

of our Independence. Hoisted in black ignorance and blacker treason throughout the land, the rag of the UN has tarnished the once shining sovereignty of our beloved Stars and Stripes.

Under the UN Charter thousands of Americans have been arbitrarily ordered abroad to fight and die under the alien UN flag.

When UNRRA was siphoning American taxpayers' money abroad, Congress was refused permission to check the use of those funds.

When well-founded suspicions were aroused that the UN setup in New York was a cover for foreign spies, the Secretary Deputy General (a Russian) brusquely told us that the UN Headquarters was international territory—and that we could investigate nothing there.

Americans who desired our representation to Spain raised to full embassy rank were refused because the United Nations did not approve.

And still we call ourselves an independent nation!

Facts condemn the United Nations far more forcefully than do opinions—we merely cite:

On July 19, 1950, the London Express (Britain's largest daily) said that the United Nations was an **International Nuisance** and should be done away with.

On August 25, 1950, the Washington Times-Herald said editorially that the **UN is and always was a villainous fraud**.

Next time you read about the UN—or see the UN rag fluttering in a public place—think of some of the characters associated with it.

For example, take Trygve Lie, the Secretary General. Trotsky devoted an entire chapter in his last work "Stalin and his Crimes" to the subversive activities of Comrade Lie. He stated: "The Comintern regarded Lie as one of its chosen instruments".

And take Alger Hiss! He presided over the Dumbarton Oaks (or was it Hoax?) and also over the 1945 San Francisco Conference, at which the evil charter of the UN was planned.

Even after the infamous Milton Mayer, a professor at Chicago University, had publicly insulted the American Flag, it was Hiss, as director of the American Association for the United Nations who annexed that group to Mayer's movement for World Government.

In her widely syndicated column, our U. S. delegate to the United Nations, Eleanor Roosevelt, has boldly stated; "The UN is the incubator for World Government".

Joseph Kamp lists more than five-hundred connections between World Government supporters and Red organizations that have been declared subversive by the U. S. Attorney General. A nice incubation, indeed!

America! On Guard! Make UN Day, Oct. 24, 1950, a day for roaring protest!

Our Motto:

GET THE UNITED STATES OUT OF THE U. N. AND
GET THE U. N. OUT OF THE UNITED STATES!

PETER L. XAVIER

But the results of the last elections on November 7th indicate that the American people are beginning to realize the hoax that has been played on them during the last seventeen years. Jewish left wing wire-pullers behind the "New Deal — Fair Deal" regimes of Roosevelt and Truman have pillaged America's resources, manpower and honor since 1933. We were led into World War II in order to destroy the military power of Germany and Japan, thus rendering Europe and Asia helpless against Soviet Russia. In the meantime, the refugee Jews made the uniforms and made the profits, both financially as well as politically, and the Sidney Hillmans, the Baruchs, the Frankfurters and Rosenmans carried out on the home front Roosevelt stooge Harry Hopkins' slogan: "We will spend and spend, tax and tax, elect and elect."

The American working man only needs to look at the withholding tax on his pay envelope and the American housewife only needs to watch the ever rising cost of living in order to convince themselves how closely Truman's "Fair Deal" followed Roosevelt's "New Deal"!

Dean Acheson's "foreign policy" suits the Communist Jews. Our State Department antagonizes Spain and Argentina and keeps Germany and Japan in a helpless state — so that America will stand alone when Russia attacks. Acheson should really be on the pay-roll of Joseph Stalin!

The defeat of "New Deal — Fair Deal" Senators, Congressmen and Governors on November 7th may stave off the final catastrophe of a nation-wide depression until the dawn of a final American Nationalist victory casts its rays over the Potomac.

NEW YORK CITY'S MAYORALTY ELECTION

The National Renaissance Party held meetings and sent out an unprecedented amount of literature urging the election of Vincent R. Impellitteri as New York City's Mayor. Although the "Non-Sectarian Anti-Nazi League" boasted that its chairman was Impellitteri's campaign manager, nevertheless Impellitteri's election appeared to be the lesser of three evils, since all Jew-controlled New York newspapers opposed him. To-day the same papers are telling him what they want him to do.

We warn Mayor Impellitteri (a Catholic of Italian descent) that the support given him by American Nationalists may be withdrawn in the next election and he may find himself then in the dubious company of those who refer to the Virgin Mary as a Harlot and to Jesus Christ as a Bastard.

WHERE DO WE STAND?

I intentionally refrained from commenting for over one month, as I first wanted to see whether President Truman and his alien-minded gang in our national administration in Washington would change the foreign and domestic policies which the American voters so clearly repudiated at the polls on Judgment Day, November 7th last — or whether he would run true to form (like a Missouri mule) and act as if he never had heard of the election results.

The American voters felt that government by an ex-haber-dasher, his cronies, his pressure group allies and the secret wire pullers behind the scenes in Washington was leading to "State Socialism" and that continuance in office of Secretary of State, Dean Acheson; Secretary of Defense, George C. Marshall; his assistant, Anna M. Rosenberg; Secretary of Agriculture, Charles F. Brannan, etc. was a threat to U. S. security — hence the people singled out for special punishment those who were closest to the ideology of Trumanism, such as Senator Tydings, of Maryland, Meyers, of Pennsylvania, and Scott Lucas, of Illinois.

When a wise man faces a crisis, he asks himself: "What is wrong with what I have done?" — then he seeks out his faults and probes for ways and means to straighten himself out.

An imbecile, however, devotes his thoughts and efforts to trying to cover up his mistakes by new lies — until presently the whole structure collapses on his head.

Since Mr. Truman refuses to see the light, it is up to the American people to arouse and inform themselves, in order to back up the new 82nd Congress' endeavors to closely re-examine and remedy America's errors since 1939 in order to safeguard America's future.

Just as Woodrow Wilson should not have gone to Versailles, F. D. Roosevelt should not have gone to Teheran and Yalta, and Harry S. Truman ought not have gone to Potsdam. All three lacked the moral strength to meet the challenge of Europe's crooked power politicians. Neither of the three was equal to the task of defending American interests, or the white man's civilization, or Christianity itself.

Roosevelt's Decline From A Status of Deity To That of A Demon.

against the Hitler regime since 1933 — instead of placing America's good offices at the disposal of Poland, Britain, France and Germany to come to a real understanding and thus preclude the breaking out of hostilities in the form of World War II.

It is tragic that the "American" kept press should almost always succeed in diverting the American people's mind from such main issues as the asinine "unconditional surrender" terms, the fiendish Morgenthau Plan and America's failure in not having concluded during the last five and a half years equitable peace treaties with either Germany and Austria or Japan.

Roosevelt and Morgenthau gave U. S. Treasury plates to Russia to make American money (valid only in Germany) for which the Germans had to pay. Truman approved of dismantling Germany's industry and turning over their essential assets to the Russians. Eisenhower's hatred of the Germans knew no bounds so that he enjoined social fraternization long after the end of hostilities.

Former German soldiers who were prisoners of war in America claim that the United States withheld \$333,000,000. - of prisoner of war pay for work they performed while prisoners here which amounts to outright thievery!

Only recently a Bonn German government commission was blocked for months at Lake Success from presenting to the United Nations a petition for the repatriation of 1,300,000 German prisoners of war and millions of German civilians which were bartered away by Roosevelt during drunken orgies at Yalta and still remain unaccounted for in Russia.

After denuding Germany and murdering and imprisoning their leaders, we now heroize the Germans and would use them to save our own skins. How can we expect the Germans to serve under this same Eisenhower as second class troops and labor battalions in the defense of Western Europe and America against the Russians? The Germans are now slaves and victims of international gangsterism headed by Russia, England, France and even our own United States and the Germans are right in refusing to be led to slaughter to defend their despoilers!

At Teheran the United States gave the then weak Soviet Russia a blank check in Europe and Asia — which meant purely and simply the sell-out of Nationalist China and the abnegation of American control of American decisions in foreign affairs.

As not even now, six years later, all the details of those criminal conspiracies against humanity at the infamous Yalta and Potsdam conferences have come to light, the only remedy is a thorough re-examination of these and other unconstitutional secret deals by a duly authorized Congressional Committee — with power to declare them null and void as illegally arrived at.

The U. S. State Department's abandonment and betrayal of Nationalist China from 1944 (when it was still resisting Communism) to this date (when it is still offering to fight) is one of the most grievous errors in American history. It was designed originally by Soviet Russia and was carried out in the U. S. State Department by Russian agents, among

whom the one who has been most publicized is none other than Alger Hiss, the former Rockefeller lawyer and once the president of the un-American Carnegie Foundation.

One of the reasons why the Republicans made such large gains in the November elections is the American public's disgust with the "New Deal - Fair Deal" foreign policy which is for war, and not for peace! Are we afraid of peace? Must we fall forever for the secret wire-pullers siren song: "Onward Christian soldiers — we will make the uniforms!"

Since in the executive branch of our government we have at present a President and an alien-minded crew who openly declare that they do not intend to comply with the change in our foreign and domestic policy, that was demanded by the American people the next two years may be crucial in the life of our nation.

Therefore we propose to help arouse public opinion, in order to back up Congress against the warmongers, profiteers and secret wire pullers inside and outside of the Truman administration.

Therefore we shall continue to build up our weekly Tuesday 8 P.M. meetings at the York Avenue Cafe, cor. 84th St. and York Ave., N.Y.C. with guest speakers on all important national issues.

We shall mail our monthly bulletins free to every member of Congress as well as to a selected list of leaders of public thought.

We shall gradually circularize our entire list of sympathizers and endeavor to enlist their active support.

We shall continue to speak and write the truth as we see it and as time has proved it to be correct — even if we are called "Fascists", "Nazis" or "anti-semitic" by the un-American subversive pressure groups in Washington, Albany and New York City.

Now that the American people have at last begun to realize that Communism is a danger to America, we are going ahead and will tell who is behind Communism, and who are the people who not only control our government, but also the governments of all countries.

To expand and carry out such program, we must have increased support from our sympathizers; and so we are asking them to make a contribution in whatever amount he or she can afford. The most important thing is that every one send something, no matter what amount.

THE RED TIDE EBBS IN WASHINGTON

Two thousand years ago, the Roman prefect (of what now constitutes present day Israel) washed his hands of the blood of an innocent man and condemned Jesus Christ to crucifixion. The politician Pontius Pilate did not dare to oppose the Sanhedrin. Today we condemn that cowardly act — but nonetheless we let politicians follow the same procedure and let them sell whole Christian nations into slavery to appease the Jews.

Dear Sirs:

Recently I received the enclosed literature through the mail. I am unfamiliar with the activities of this organization but a perusal of the literature seems to indicate that it is not interested primarily in the betterment of conditions in the United States.

I realize that there is nothing illegal about the contents of these pamphlets and I am not anxious to have innocent people subjected to unnecessary investigation. To me however the best interests of the United States are of vital importance. I sincerely hope that the only action that will be necessary as a result of this letter will be its filing in the wastebasket however that is up to you.

Very truly yours

BIG SATURDAY NIGHT PATRIOTIC RALLY

If you believe in the Patriotic principle of N racial Nationalism and Social Justice advocated by Father Coughlin, Sen. Joe McCarthy and the American First Party, you should be a supporter of the National Renaissance Party. We believe the greatest tragedy in world history took place when the Pro-Communist Roosevelt Regime forced America into War against the heroic Christian people of Nazi-Germany and Fascist Italy. We believe in friendship with Franco-Spain, Peron's Argentina and the Neo-Fascist parties in Italy and Germany. We believe in maintaining the patriotic McCarran Law which has been so viciously attacked by Pro-Communist racial minorities.

Our task is the consolidation of all German, Hungarian and Irish racial groups. And second the acquisition of influence for a potent show of power in American politics. The second part is most important. American Germandom must become dynamic, turn against its hated adversaries who have ridiculed and persecuted everything of German origin for the last 30 years. Our battlefield is right here in America and here is where we must fight, ~~thenceforth we shall be a part of the American Germandom~~ it out. It is urgent that every American citizen of German descent join the National Renaissance Party, thus furthering cooperation among American Germandom.

Attend our Special meeting on Saturday Evening, February 24, at 8 P.M. in private hall at 169 East 86th Street, Second Floor, directly above Loews Theatre, near Horn & Hardhart, N.Y. Dynamic speaker, Mr. [redacted] free literature, come and bring your friends. A very interesting program.

BARRY GRAY Speaks....

The Hon. Herbert Brownell
Attorney General of the U. S.
Washington, D. C.

Mr. Dear General Brownell:

A postcard came in this morning's mail. I had to turn it to the addressed side and read the postal mark to make sure it said "1953."

Until I saw that mark I thought the clock had been turned back.

The card reads:

"Big Saturday Night German-American Friendship Rally.

"We urge all patriotic American nationalists who believe in friendship with the heroic people of Germany and the preservation of western civilization to attend our mass meeting on Saturday evening, May 2d, and hear the following dynamic speakers converse on the following topics:

"1. Mr. J. Keith Thompson, former registered American agent for General Remer's (my note: Remer or Roemer was one of Hitler's trusted buddies and tried to form another Nazi party in Germany after the war) pro-Fascist Socialist Reich's Party, will speak on "Zionist Atrocities, in the Holyland." Mr. Thompson will also discuss the current political and economic situation in Germany.

"2. Mr. Alfred Tittmann, former president of the German-American Voters Alliance, will be asked to discuss the problems of German expellees who were driven from their homes during the cold winter of 1945. Lost territories in Poland, Prussia, Silesia and Sudetanland, must be restored in order to create a proud, free and economically self-sufficient German people.

"3. Mr. James H. Madole, director of the National Renaissance Party will discuss the "True Story of Nazi Germany and Adolf Hitler, the George Washington of Europe."

"All Americans are welcome to attend these mass rallies. Non-citizens are equally welcome. The combined strength of German scientific ingenuity, technical skill and manpower of America are sufficient to preserve the white race and Western civilization from the onslaught of Asiatic barbarism.

"Therefore, everyone should attend our mass meeting on Saturday evening, May 2nd, at 8 p.m. in the private hall at 169 E. 86th St., N. Y. C. (2nd floor directly above Loew's Theater, near Horn & Hardarts) conveniently near Lexington Av. Subway. Dynamic speakers, free literature and music. Please come and bring your friends. Very interesting program.

"(Signed) National Renaissance Party."

I would call your attention, General Brownell, to the information that Mr. Keith Thompson will be present at the meeting. His dossier could be examined for hours, but his billing tells it so very loudly—"former registered agent for General Remer's pro-Fascist Socialist Reich Party."

Read the card, General, where

it says that James H. Medole will be present. This is a leather-lunged twerp who has frequented Yorkville street corners for months shouting his obscenities against what he calls a "Zionist plot" to rule the world. Did you note what he's going to speak on? "The True Story of Nazi Germany and Adolf Hitler, the George Washington of Europe."

I could tell you a great deal about Thompson and Medole, General Brownell, but I'd rather have you assign one or two of your men to the meeting. Let 'em just listen and report what they've heard. Have them get there early, for the place will be crowded.

I know for a fact that the 6,000,000 dead of Auschwitz, Dachau and Buchenwald will be in attendance.

They'll be disappointed if your men don't show.

to say, say it without the flag." He was hustled around the corner and out of sight by two patrolmen.

Despite the best efforts of McCarthy, they can't clean out the Augean stables in Washington... Madole said.

There was a feeble cheer, for McCarthy, and for Madole, who shouted, "The traitorous swine who call themselves Republicans and Democrats sold our boys down the river."

A teen-age boy asked several questions. Madole said the questions gave an idea of "the scum teaching in public schools. The sooner we put them in concentration camps the better."

Interruptions became so frequent from the growing crowd that police had their hands full. Thompson took over in an effort to restore order. A 6-foot-3 230-pounder with a good-natured air, he wilted under questions from a man who described himself as a Catholic war veteran. Thompson left hurriedly by cab.

Madole resumed.

Jerry Cohen of the Jewish War Veterans outshouted Madole. "We're Americans here, not Fascists or Communists, and you dare question our way of life..."

Madole's followers disappeared as hecklers crowded closer. Time and again police patiently cleared an open space in front of Madole and the boy holding the flag.

Finally Madole gave up. A red-headed man in uniform, Cpl. Kenneth O'Brien of the 2d Infantry Division, led the crowd in singing "God Bless America," in front of the conspicuously silent Madole.

Then everybody went about his business.

BARRY GRAY Speaks....

The Bund-like meeting last Saturday night has been amply covered by colleague Oliver Pilat. He noted the comments of bigot James Madole, and Keith Thompson's confused lies about "Zionist atrocities."

I asked additional eye-witness coverage by layman Jerry Cohen. He's the Kings County commander of the Jewish War Veterans.

It seems that Jerry and some of his buddies read a piece here last week-end calling attention to the meeting, and advising Attorney General Brownell of same.

They decided to attend. Some Catholic war vets, one just back from Korea, came along.

According to Cohen, the meeting, which was cancelled out of a hall above Loew's 86th St. Theater, started off on a street corner with a fair audience. Then the

vets joined the group. Wearing their caps and mixing through the crowds, they gave Jew-hater Madole a chance to finish his harangue. Then they asked questions, loud questions. The crowd thinned immediately. The hate mongers started to run under the rocks they lived in.

Madole was bested by questioning and quickly threw in the towel. Some say it had a swastika on it. Thompson took his place. Der Fuehrer would have been disappointed in this outsized camp follower. He got ripped right through the Catholic-Jewish wringer in a hurry. He folded. Then the vets took over. A young Irish lad, just back from the Korean shooting started to sing "God Bless America."

By now hundreds of the good people of Yorkville had gathered and joined in song. They sang lustily together. Madole, Thompson and a slack-jawed bully, who looked like a storm trooper dying to get back to work, stood silent. The crowd taunted them. "Whatsa matter, dontcha know the words?" If they did it was not evident.

It makes you feel good to hear Cohen tell the story. There's only one thing wrong. Why did only 20 young men show? Where were the representatives of hundreds of groups in New York that go on record as hating what Madole and his claque stand for?

We have lived through a pe-

riode that seems to be completing its circle. We came in on the scene of small street corner mobs whipping malcontents and failures into a frenzy with scapegoat speeches. Do we need examples of the path this takes? They move from corners to cellars, from cellars to halls, from halls to stadia. They feed on the flood of hate and insecurity proved in some.

This vicious militancy must be crushed with reason, with exposure. It cannot be done by 20 young men, no matter how pure and strong their intent. It needs public attention wherever it rears its brutal totalitarian head. That means you.

Ferret out these hysterical cults, attend their weekly screamings. Bring company and make yourself heard. Slug with statements, fight with reason, get them off-balance and expose them for what they are. They'll scream, rave, wave their arms. Finally they'll crawl.

Today it's a street corner; to-night may be Munich!

Arriving at the Hall before 8 o'clock, a reporter found 2 uniformed policemen in the lobby of the theater, at the door leading up to the RHOADES ACADEMY where the meeting was being held. At about 8 p.m., a police car, Sgt. and 2 men, arrived. The Sgt. asked EUSTACE MULLINS, who was on the street, whether MADOLE was around. M. showed directly after this. He talked to the Sgt. for a few minutes, then went to the Bar and Grill across the street. Before he went there, he went into the building and came out with a man who had been waiting for him. This man is the fellow now known as [redacted] (phonetic).

F.C.F. WEISS and [redacted] did not attend this meeting, although they both met with MADOLE across the street where MADOLE received his instructions for the nth time. Present from 12 to 14 people and amongst them,-- MRS. MADOLE (mother) ... another woman ... a reporter ... JAMES MADOLE ... [redacted] ... EUSTACE MULLINS ... MADOLE began by apologizing for the small attendance. He blamed it on the bus strike. "We mailed out 250 invitations," and then went into his spiel. He did not center on the Jews tonight, only referring to them in connection with the new line being pursued by him and by other subversives in the U.S. with regard to Red China and the Soviets. He followed the line indicated in the Dec. issue of his Bulletin, which includes part of his previous tirades and which is an almost word to word reprint of the release issued by WEISS.

He talked against war in the same fashion as would a pro-communist neutral and "what are we doing in Korea ... and if China wants communism, that is their business as long as it is not for export and they contain it for themselves ..." and then, "Eliminate the Jews from both sides (meaning in Russia and in America) and you will have peace on earth. The Jews and the Jews alone are the warmongers." He talked on the "lie of the six million", whereas the Jewish population all told in Germany before the war was only 650,000. "The six million dead Jews are alive and walking around in NY, working in the USA post offices and in other US Govt. jobs. Pres. TRUMAN is a rat." He then informed his audience about his coming street meetings, which would be conducted in Yorkville come April.

P. 2 - MADOLE'S MEETING

[redacted] the self-styled Nazi who comes from [redacted] a young chap, talked on the [redacted] frame-up in a low, halting voice, incoherent most of the ten minutes. When he concluded, MADOLE said, "I am breaking in my young friend here to become a street speaker for us."

A. O. TITMAN talked for a little while. He is getting on in years, was slow and dry. He started by saying that MADOLE had expected an Arab speaker tonight who failed to appear so that he will speak on the Arab question. He read excerpts from a book dealing with the Arab situation in Egypt, French colonialism, and what he called the rape of Palestine. MADOLE had him talk because he has some money, paid for one of the recent issues of the Bulletin, and occasionally assists him with small funds. ... The meeting concluded some time after 11 o'clock. There was also a brief and informal question and answer period which didn't amount to much. The collection averaged about a dollar a person.

MADOLE had for some time been saying that he plans to run street meetings on the streets beginning in April two or three nights a week and two or three meetings simultaneously, so that he has got to arrange for speakers before that time. He hopes to hold meetings at 87 St. & 2nd Ave., 85 St. & 3rd Ave., and he hasn't given up the idea to strike for the northeast corner of 2nd Ave. & 86 St., which is a busy traffic intersection, just outside of the Evans Cafeteria. To quote MADOLE, "I am going to carry on where [redacted] left off 10 yrs. ago. I am going to speak in the name of FATHER COUGHLIN, GEN. DOUGLAS MacARTHUR, SEN. JOE MCCARTHY and CHARLES LINDBERGH."

JAMES MADOLE PREPARES AN ARTICLE FOR HIS JAN. 1953 BULLETIN

Apart from a long article that may appear and of which I will speak later, MADOLE has written the following which will go to the printer. It is an article he titles with the following:

"ADOLPH HITLER EXPLAINS NAZI ANTI-SEMITISM". The article reads "MILLIONS OF POLITICALLY UNINFORMED AMERICANS HAVE VIOLENTLY CONDEMNED THE NAZI REGIME OF ADOLPH HITLER FOR ITS ANTI-SEMITIC POLICIES. WHIPPED UP INTO A FRENZY BY THE JEWISH DOMINATED AMERICAN PRESS, Radio and Cinema, American Mothers allowed one million of their sons to be butchered or maimed for life in Jewry's Holy War against Adolph HITLER. Let's hear the other side of the story for a change. Why did the Jews hate ADOLPH HITLER? Was it because HITLER exposed their world-wide revolutionary activities to the people of Europe? Let us study carefully the text of ADOLPH HITLER'S most famous speech which underlines the basic causes of anti-Semitism throughout the world. The speech appears below. (I don't know how much of HITLER'S speech he will include here but the following is in his script.):

"Today we all feel that two worlds are struggling with one another, not alone in Germany but everywhere we look, in oppressed Russia, in Italy, in France, and England. An inexorable struggle between the ideals of those who believe in a National people and the ideals of the intangible, supra-National internationale ... It's a struggle that dates back nearly 120 years. It came at the moment when the Jew obtained the right of citizenship in the various countries of Europe. The political emancipation of the Jews was the beginning of a madness. For by this act European States gave to a people which by race was much more clearly and sharply delimited--than all others--which always had constituted and will constitute a State Within a State--full civil rights and equality. In the end a people, which in the eighteenth century seemed totally strange, possessed the same political rights and civil rights as we ourselves."

b6
b7C
b7D

(Then MADOLE some place in HITLER'S argument intrudes his own gems: "After 20 years of Jew dominated New Deal Tyranny, Americans finally succeeded in ousting the Democratic Party from power, only to find that Jewry's European errand boy, white EISENHOWER, had enunciated the same Jewish inspired New Deal foreign policy in his inaugural address. Doesn't this prove that HITLER'S analysis of Democracy was absolutely correct?"

NRP STREET MEETING FRIDAY NIGHT MAY 1st, SOUTHWEST CORN. 2ND AV. & 87TH ST. NYC.

This was the first street meeting of the year. I arrived at 8:15 and it was in progress. There were only a handful of people, 3 uniformed policemen and at the peak of the meeting there were no more than 20 adults, incl. his own friends. The intermittent traffic noises of busy 2nd Ave. made it difficult from time to time to hear MADOLE.

JAMES MADOLE did the speaking and

[redacted] held the flag, wearing his German peaked cap and his short jacket. Present also were

[redacted] and 5 other followers. Madole's mother was absent.

Madole delivered his usual talk together with his "I am damn proud of being a Fascist and a Nazi... They have got to get six inches of steel... They have got to get the same concentration camps as they got in Germany and in Italy... We've got to get rid of them and the sooner the better. It won't be done with the Democratic or the Republican parties and their politicians." He announced the next street meeting for Fri. night May 8th. He announced the indoor meeting for Sat. night May 2nd. He also stated that he would hold meetings in Queens. He apologized for THOMPSON'S absence, but that he would speak tomorrow night.

A man unknown to me came north on 2nd Ave. and motioned to [redacted]. Then [redacted] walked up to MADOLE and whispered in his ear. Madole became flustered and within five minutes, which was 9 o'clock, he closed the street meeting. He told the police that his speaker had not appeared and that he had to go up to 86th St. It appeared to me immediately that something had happened and that something the authorities had been doing had borne fruit. A little later I saw Madole and Thompson and a few of his people in the lobby of Loew's Theatre at 169 E. 86th St. Then they went upstairs, with Thompson. When the meeting had closed, Thompson put in an appearance.

THE INDOOR NRP MEETING, 169 E. 86th St., SCHEDULED FOR SATURDAY NIGHT MAY 2nd IS NOT HELD...MADOLE HOLDS HIS MEETING ON THE S.W. COR. OF 87TH ST. & 2ND AV... Preceding report indicates that Madole hurried over to the hall last night, cutting his meeting short at 9 PM. I had learned earlier in the week that there were some indecisions up this way (verbally explained) and then reported that the street meetings would be held.

[redacted] the owner of the hall had received a letter from the owners of the building, stating that his lease would not be renewed if such people continued meeting in his place. [redacted] and she said that there will be no meeting tonight nor any other time.

[redacted] Madole and his crew would meet at 7 PM in front of the hall and then decide whether to hold the street meeting. They decided to do so. The uniformed policemen kept the crowd moving, amongst whom there were a number of newsmen and photographers. The weather was poor, with intermittent light rains and yet there was a crowd. They informed the people where to go.

Madole opened the meeting at 87th St. & 2nd Ave. a little before 9 o'clock; Present were [redacted] H. KEITH THOMPSON and 15 or more followers of Madole. There were at least 25 to 30 people of the so-called "Opposition" including newsmen and photographers. There were several uniformed men and the balance of the people were passersby. All told, at the peak of this meeting, there were 85 people and not 15 people, as the enclosed NEW YORK POST editorial asserts on Tuesday, May 5th, in which they state: "The hate merchants only drew 15 dreary followers..."

Police kept the crowd in good order and had to keep an open lane for the pedestrians. It rained from time to time. The traffic noise was not as bad as last night. At least 15 came to hear Thompson specifically. A few remarks from the audience and the slight interruptions passed away or were stopped. The incident referred to in the NEW YORK POST was merely a drunk from the neighborhood who was hustled out of the audience.

Madole casually alluded to the shut-out. His speech was the usual one, and whatever he stated has been previously reported. He spoke twice.

Thompson came on for about 10 min. He talked of the Israeli atrocities committed against the Arabs (see recent report - he is in touch with the Arabs). He also alluded to the coming Congressional campaign in 1954. The meeting was over at 10 PM.

..... BARRY GRAY devoted his Sat. column (encl.) in the New York Post to the entire postcard mailed out by Madole and he addressed his column to ATTY. GEN. BROWNELL. This appeared early Sat. aft. OLIVER PILATE in the N.Y. Post (encl.) states that it was Gray and his column and his TV that brought this about. Barry Gray on Mon., May 4th, states that he didn't mean to effect a cancellation. They state in the Post that there were only 25 people or 15 people. I stated there were 85. They state they stopped this meeting with Gray's column. You read the Fri. night report and you have been reading the report above.

Madole told his intimates that he doesn't care about the stoppage because he is deprived of only one meeting a month. I received a phone call late today with the information that Madole has called a conference of his well-wishers for Wed. at 5:30 in New York. [redacted]

Madole had been earning \$68 a week.

He stated that a meeting of the NATIONAL RENAISSANCE PARTY was held at 169 E. 86th Street, NYC on 4/11/53 at which Harold KEITH THOMPSON was introduced to the gathering as the NRP candidate for Congress from Yorkville. Thompson also spoke briefly at meeting of the NRP held on 5/1 and 5/8. These meetings were held outside at 2nd Avenue and 87th Street and although there was a great deal of publicity given them by the New York Post, no incidents occurred. The informant stated that just prior to this latter meeting Thompson was observed in the company of persons in an automobile bearing license number Penna BZ-952. It was believed by the informant that these people had come from out of town to hear Thompson speak at the meeting.

The informant said that Thompson was reported to be very much concerned about an alleged investigation of his activities by DA Hogan . In connection with this investigation the informant said he understood that a DR. HARRY BENJAMIN, Park Ave., NYC, former physician of George Sylvester Viereck, had been interviewed by Hogan's office.

The informant said that JAMES MADOLE had been fired from his job because of the publicity he had received recently in the POST in connection with the NRP meetings. He said that he believed that this job was with the American Aluminium Company, NYC and so far as he knew Madole had not found other employment.

The informant stated that ~~EDWARD FLECKENSTEIN~~ had originally intended sailing for Europe but changed his plans at the last minute and is supposed to fly from Idlewild on 5/10/53. The purpose or itinerary of this trip is not known by the informant however it is noted that Fleckenstein's family still owns a home in Bavaria, Germany and Edward Fleckenstein has formerly gone there. He further stated that Fleckenstein arranged to have his letter to Adenauer published for distribution. A copy of this will be furnished by the informant later.

The informant was questioned regarding ~~Rudolph Shimer~~ and he stated that he knew nothing concerning this person and had never heard his name mentioned in connection with any of these German activities.

The informant was questioned concerning previous information he had furnished to the effect that HANS BORZINSKI had been the person who allegedly put F.C. WEISS in contact with the 'Ruskys'. He said that he has been unable to verify this and there is no basis for this previous information except that Borzinski had driven a car for Weiss on several occasions. The informant added that he learned that Weiss was supposed to go to Washington during the week of the 10th of May but that this was later cancelled. This proposed trip was in connection with a proposed meeting with the 'Ruskys'. The informant said that Weiss had taken extreme precautions regarding this trip to keep it secret and in fact had been very "sub rosa" in his dealings with his contacts during the past few weeks.

DETAILS:-

At Boston, Massachusetts

All the information emanating from Boston Informant T-1 was provided by him during April, 1953.

Informant T-1, of unknown reliability, stated that during 1952 and 1953 the organizations hereinafter set out have been the groups interested in promoting Neo-Nazi Movement in the United States. The Informant stated this movement is presently being directed by the National Renaissance Party.

T-1 stated that the National Renaissance Party has been identified to him by leaders of this group during 1952 and 1953, as the Voters Alliance, the Democratic Nationalist Party of the United States of North America, and the Neo-Nazi Party. T-1 said from his observations during the period August, 1952, to April, 1953, it was his belief that all of the aforementioned groups referred to one and the same organization and that at the present time this organization was going under the name of the National Renaissance Party.

T-1 stated, as a precautionary measure to insure that the organization continues in existence and to prevent unfavorable newspaper publicity, leaders of this group stated they would change the organization's name as soon as any subversive label was attached to the group under its present name. The Informant stated this policy of changing the organization's name may account for the fact that it has been known under a number of different names since its inception.

T-1 stated H. KEITH THOMPSON, FREDERICK WEISS, and EDWARD A. FLECKENSTEIN, leaders of the National Renaissance

Party during 1952 and 1953, referred to the organization as the "Neo-Nazi Movement" in private. Informant stated these individuals were careful however, never to refer to the organization as the "Neo-Nazi Movement" in public.

I. ORIGIN, SCOPE AND GENERAL ACTIVITIES OF THE
NATIONAL RENAISSANCE PARTY

The National Renaissance Party will be referred to herein-after as the N.R.P.

T-1 stated he did not know when the N.R.P. came into existence nor did he know any facts surrounding the origin of the N.R.P.

T-1 stated that while the N.R.P. is ostensibly national in scope, the only activity of the organization is centered in the state of New York. He stated the N.R.P. has its headquarters in New York City, is a loosely formed group, is opposed to Communism, the present government of western Germany, the present United States Government, and is Anti-Semitic and pro-Nazi.

Concerning the actual headquarters of the N.R.P., T-1 said he believed the group used a private hall at 169 East 86th Street, New York City, for all meetings and rallies of a public and semi-public nature. Concerning other possible headquarters for the group, T-1 stated it was his understanding the N.R.P. had some sort of a permanent office at 224 East Main Street, Beacon, New York. T-1 said he did not know the significance of the N.R.P. office in Beacon, New York, but believed it to be the headquarters for the printing and distribution of the N.R.P. literature.

The Informant revealed that in addition to the aforementioned addresses the N.R.P. also meets on a frequent basis at the Mt. Hope Farm, Middleborough, New York, which farm is owned by FREDERICK WEISS. The Informant based his opinion that these meetings were being conducted at this farm on a frequent basis [REDACTED]

b7D

The Informant stated that most of the important business of the N.R.P. is conducted at this farm by leaders of the group. T-1 stated before any person, other than one of the leaders of the N.R.P., can attend any meetings held on the farm, the permission of FREDERICK WEISS has to be obtained.

BS105-1004

According to the Informant the N.R.P. hopes to increase its size and importance by drawing membership from college students.

T-1 stated the N.R.P. is opposed to the imprisonment of former Nazi leaders and is dedicated to working for their release. The Informant stated the members of the N.R.P. always excuse Germany and the Nazi Party of any blame for World War II. T-1 stated the members of the N.R.P. believe that the alliance of the United States during World War II should have been with Germany and against the Soviet Union.

II. OFFICERS OF THE NATIONAL RENAISSANCE PARTY

Boston Informant T-1 stated the N.R.P. has no officers as such but from his observation during 1952 and 1953, he believed the following were acting as leaders of this group:

FREDERICK WEISS: The informant stated he believed WEISS to be the secret guiding force behind the N.R.P. in the United States. He said WEISS is the person who makes all important decisions of the N.R.P. and is the person that leaders of the N.R.P. consult on all policies. T-1 stated WEISS does extensive traveling in the United States which the Informant believes is organizational work on behalf of the N.R.P.

H. KEITH THOMPSON: T-1 stated THOMPSON is a public front for the N.R.P. and is usually the guest speaker at all N.R.P. meetings.

EDWARD A. FLECKENSTEIN: T-1 stated FLECKENSTEIN has acted as legal advisor to the N.R.P. since the summer of 1952.

RAY FOSTER: T-1 stated RAY FOSTER has acted as youth organizer of the N.R.P. since the summer of 1952.

JAMES MADOLE: T-1 stated MADOLE is head of the N.R.P. Beacon, New York, although he did not know what position MADOLE held in that city.

T-1 stated from his observation of the N.R.P. during 1952 and 1953, he believes the following individuals are acting as official - unofficial advisors of the N.R.P.

FREDERICK WEISS
H. KEITH THOMPSON
EDWARD A. FLECKENSTEIN
RAY FOSTER
GEORGE SYLVESTER VIERICK

III. FURTHER IDENTITY OF OFFICERS AND MEMBERS OF
THE NATIONAL RENAISSANCE PARTY

FREDERICK WEISS

T-1 described WEISS as a writer of Political Science whose works were favorable to Germany under Nazi rule. Informant stated WEISS has a home at 156 Grand Street, White Plains, New York, but usually resides on the Mt. Hope Farm which is near Middleborough, New York. T-1 stated WEISS has used this farm as a meeting place for such members of the N.R.P. as H. KEITH THOMPSON, GEORGE SYLVESTER VIERICK, EDWARD A. FLECKENSTEIN and RAY FOSTER.

The Informant said WEISS is extremely cautious regarding outsiders and usually remains in the background of N.R.P. meetings.

T-1 stated that during the summer of 1952, THOMPSON referred to WEISS as "the in-between man" between the N.R.P. and the "real people". T-1 stated he did not know what THOMPSON meant by the "real people" but believes from subsequent conversation that THOMPSON referred to certain missing Nazi leaders allegedly hiding in South America.

Informant stated WEISS has openly boasted that he was one of the instigators of the riot which occurred in Peekskill, New York during the appearance of PAUL ROBESON. The Informant said he had no knowledge of the truth or falsity of this statement other than WEISS' own admission.

On July 5, 1949, the Washington Times-Herald, a daily newspaper published in Washington, D.C., contained an article which reported that MANNING JOHNSON, an ex-Communist Party leader, told a Congressional Committee on July 4, 1949, that PAUL ROBESON had been a Communist Party member for many years.

T-1 stated WEISS has often boasted that he (WEISS) had sources of information in political groups and law enforcement agencies in the United States. Informant said WEISS did not elaborate on this statement or identify any of his sources of information.

BS105-1004

T-1 described WEISS as Pro-Nazi in that he excuses the Nazis for any blame in World War II and because he desires release of all Nazi war criminals.

T-1 stated he recalled that RAY FOSTER mentioned during 1952 that WEISS used a mail drop to conduct N.R.P. business but the informant was unable to amplify on this statement.

T-1 described WEISS as an alien in his sixties and an ex-Army captain in the German artillery during World War I.

The Informant further advised that WEISS has large holdings in Real Estate and apartment houses in the New York City area.

T-1 stated THOMPSON has addressed at least one meeting of the N.R.P. and is generally recognized as a leader of the N.R.P. T-1 said THOMPSON has a large collection of pictures of World War II Nazi leaders, which collection THOMPSON prizes highly.

T-1 described THOMPSON as pro-Nazi, Anti-Semitic and pro-Arab. Concerning THOMPSON's being pro-Arab, the Informant explained that THOMPSON believes in complete independence from all foreign control for all the Arabic nations as well as absorption of the state of Israel by the adjoining Arab states.

The Informant stated in addition to being the recognized leader of the N.R.P., THOMPSON maintains in his home a complete file of all members of the N.R.P. including photographs of all members.

b7D

T-1 stated during April, 1953, [REDACTED] with THOMPSON and inquired of the latter how he became associated with the Neo-Nazi Movement and THOMPSON replied "I acted as a courier for our party when I was 16 years old." THOMPSON, according to the Informant, did not elaborate on this statement and it would be only conjecture

BS105-1004

on his part to surmise what THOMPSON meant.

Informant stated THOMPSON is an ex-Naval officer of the United States Navy and is registered as a foreign agent for the "Nazi Party".

T-1 said THOMPSON has received literature from OTTO REMER, head of the revived Nazi Party in Germany. T-1 stated he did not know what other connection THOMPSON had with [redacted] but was aware that THOMPSON held REMER in high esteem.

EDWARD A. FLECKENSTEIN
39 King Avenue
Weehawken, New Jersey

T-1 stated FLECKENSTEIN acts as legal advisor to the N.R.P. and meets frequently with THOMPSON, WEISS and FOSTER. T-1 described FLECKENSTEIN as pro-Nazi, opposed to the present United States Government, and a former member of the Voters Alliance. Informant stated FLECKENSTEIN's parents are opposed to his association with the N.R.P. and are exerting pressure on him to discontinue his association with this group.

T-1 stated [redacted] is an employee of the [redacted] [redacted] T-1 stated [redacted] for several years and has found him to be imperialistic and militaristic. JAMES MADOLE

T-1 stated he knew very little concerning MADOLE other than he was allegedly head of the N.R.P. in Beacon, New York. The Informant stated during his brief acquaintance with MADOLE, he came to know him as a fanatic believer in Naziism as evidenced by his conversation concerning Nazi Germany and the Nazi Party. T-1 stated he could not recall however, any specific statement made by MADOLE indicating his adherence to the Nazi form of government.

GEORGE SYLVESTER VIERICK
250 West 77th Street
New York

The Informant stated this individual is employed as a writer and described VIERICK as a pro-Nazi who previously served a sentence in a Federal penitentiary for subversive activity on behalf of the Nazis.

T-1 stated VIERICK has been present at several meetings held during 1952 at WEISS' farm in Middleborough, New York, where other leaders of the NRP were present. T-1 stated VIERICK, like WEISS, usually remains in the background and is not openly known as a member of the N.R.P.

T-1 stated during 1952 and 1953 the following individuals had been identified to him as members of the N.R.P.

VII LITERATURE PUBLISHED BY THE NATIONAL RENAISSANCE PARTY.

T-1 provided the April, July and October, issues of the National Renaissance Bulletin, self-identified as the official organ of the NRP.

The April, 1952 issue contained an article by JOHN M. LUNDOFF entitled "Fascism Versus Communism" and an article

by JAMES H. MADOLE entitled "The Eisenhower Fiasco in Germany". The article "Fascism Vs. Communism" is an anti-Semitic article which states Democracy is unable to successfully combat Communism and only Fascism can eliminate Communism.

"The Eisenhower Fiasco in Germany" article is bitterly anti-Semitic and criticizes then General DWIGHT D. EISENHOWER's conduct in the occupation of Germany and blames him for what MADOLE describes the "infamous war crime trials at Nuerenberg."

The July 1, 1952, issue contains an article entitled "Exposing the Jewish War Criminals" by JAMES H. MADOLE which is a bitter anti-Semitic article and excuses Nazi Germany's conduct toward Germans of Jewish faith.

The October, 1952 issue contains an article entitled "The Revolt Against Aryan Civilization" by JAMES H. MADOLE, and an article entitled "Adolph Hitler: An Appreciation." by EUSTACE MULLENS "The Revolt Against Aryan Civilization" is an Anti-Semitic article. "Adolph Hitler: An Appreciation" is also an anti-Semitic article which is complimentary of Adolph Hitler.

T-1 provided a phamplet captioned "DNP" issued in 1951 by the Deomocratic Nationalist Party of the United States of North America which organization T-1 previously identified as being synonymous with the National Renaissance Party. This booklet sets out the aims of the Democratic Nationalist Party, which have previously been set forth in this report and lists a 20 point program which program is anti-Non-Aryan; anti-alien and calls for the United States of North America, consisting of the United States, Canada, Greenland, Iceland, and the polcar regions. This program also calls for close cooperation with Mexico, Central and South America. Instant booklet also sets out the organizational structure of the Democratic Nationalist Party which lists the following elected officers:

Group Supervisor
Group Secretary

and the following appointed officers:

Group Leaders
Group Adjutant

VIII. MISCELLANEOUS ACTIVITIES OF THE NATIONAL
RENAISSANCE PARTY

The Informant stated WEISS intended using FNU KURGO or KURGEL (PH), head of the Steuben Society to place VIERICK within that group but was unsuccessful because VIERICK refused to become a member. T-1 stated WEISS' purpose in placing VIERICK in this group was to use him to guide the Steuben Society toward the aims and objectives of the N.R.P.

T-1 stated the N.R.P., During April, 1953, was interested in getting HANS RUDEL, a German citizen, to come to the United States to address the N.R.P. T-1 stated he believed RUDEL was associated with the Socialist Reich Party of Germany but could not recall where he had heard this.

ADMINISTRATIVE DETAILS

T-1 was unable to recall any specific date for much of the information reported by him except that it came to his attention during 1952 and 1953. He was likewise unable to recall which leaders of instant group imparted some of this information to him. Consequently such information was reported as coming to him from leaders of this organization during 1952 and 1953.

By Airtel to the Bureau dated 4/10/53 Boston reported Baron WILLIAM FRARY VON BLOMBERG as a member of the N.R.P. T-1 stated subsequently that he learned BLOMBERG was not a member of the N.R.P. or connected with this group but was merely sympathetic to its aims. Based on this information it is not felt that active investigation of BLOMBERG is warranted at this time.

T-1 has advised he does not know either HANS AHRENS or HANS BORCZINSKI.

WRP STREET MEETING S.W. COR. 87TH ST. 2ND AVE., N.Y.C., FRI. NIGHT, MAY 8

MADOLE accompanied by his mother and JOE RUDDEN, along with several middle-aged men and women arrived a few minutes before 8 o'clock. Slowly, they looked it over and then approached the corner, when they saw a uniformed policeman awaiting them. His name and other facts were obtained. Across the street a police car rolled up and soon a crowd assembled. The weather looked bad. All told there were bet. 80 and 100 people from the very outset and then the number was kept even at 100, until the heavy rainfall dispersed most of them leaving Madole's friends and a few of the opposition. But this was only towards the end. To me the crowd appeared as if Teenagers from 14 to 20...

The threatening weather, and the ensuing heavy rain, probably accounted this. With the buildup that BARRY GRAY gave this man, if the weather had been really good, there would have been 250 people here tonight before a tournament. I am enclosing to you Barry Gray's column for Thurs., May 7th, which he states: "...attend their weekly screenings. Bring company and hear yourself heard. Slug with statements, fight with reason..." (There were several uniformed policemen and a sergeant and 2 plain clothesmen attend

Madole opened with a warning that the J.W.V. men who start heckling will be immediately thrown out, as he had written P.D. there would be no que and answers. He sailed into Barry Gray, the man who was ashamed to live with the name of Yaroslav and stated that Gray, in his column, is inciting riot. He again vowed to get rid of the Communist Jews, the great menace continued along the new line, "we are for race, the whites, but we have nothing against the Negroes and the Asiatics. We want a white America.

The police kept an open lane on the sidewalks and order was maintained. He devoted himself to attacking Gray, WECHSLER, DOROTHY SCHIFF, and to McARTHUR, McCARTHY and McCARREN as being the only men and insisting that TRUMAN, ROOSEVELT and PRES. EISENHOWER are all of one brand, incl. STEVEN THE BOLSHEVIK, throwing in his usual vicious terms.

Bad weather threatened and soon the rain came down, first in scattered drops and then stronger and stronger, but Madole kept going. It rained harder. He was being soaked. Then a young man heckled him banteringly, but insufficient for police interference. Madole thought he was a shill, but when he found otherwise, the police walked over to him. Then a woman chimed in. The police handled it very smoothly. The rain came down on the water ran off the tip of Madole's nose and he was a ludicrous figure. A taxicab drove up, idled there, and after five minutes the drama was over.

PAGE 2-STREET MEETING MAY 8TH

H.KEITH THOMPSON stepped out of the cab, hatless, coatless, into the downpour with: The Great Jewish Conspiracy in This Congressional District to Deprive Nationalists of Free Speech and the Right of Assemblage must be stopped. I just spoke at a gathering. From here I'm going to another. He leaned forward, he leaned backward, he swayed, he kept turning his head he rolled his eyes, the rain came down in buckets, he seemed to be possessed he was exalted. As he stood there, heroically promising that this fight will go on. He will organize in every borough in N.Y., he will spread movement throughout the United States. The heavier it rained, the more exhilarated he appeared to be. Like Madole when he concluded tonight, Thompson appeared to be exalted. And now, just as quickly, he jumped over the curb, waved back to the crowd, entered his waiting cab and drove off. He had someone with him.

MADOLE took over by addressing the heckling woman and the young man and the 30 people all told who remained. He suddenly let go with a violent attack on the Jews, Jews, Jews and their lies, lies, lies. The Jews crucified Christ. They have been lying for 3,000 years. The rain pelted him badly. McARTHUR got rid of the sex perverts and now a few young men laughingly started singing "God Bless America," but they stopped just as quickly. Madole quit at 9 o'clock.

Thompson had appeared to prove to Madole that he, too, is fearless and he won't desert him. The police sergeant asked Madole if he would change his meeting next week to the S.E. corner. Madole agreed. I believe it is because of the proximity of the saloon, which is partially a restaurant. The crowd interferes with their business. A worker in the tavern came to the door at 8:45 and chased the people who were taking refuge from the rain. He called out, "Chase that lousy polak away from here; he is crazy. This is the United States; we pay taxes." A customer came to the door and argued with one of Madole's adherents, "What's all this hate bus about; that's terrible. This is the U. S." I spent a little time in the tavern, finding it impossible to get away. It is patronized almost exclusively by Germans. The police waited until the remaining few left the cab. They were ushered away into the rain at about 9:25. No literature was passed out. No J.N.V. members appeared wearing their caps.

DUFFY and others in the middle-aged bracket were absent.

JOHN LUNDORF and several of those in the younger bracket were also absent.

and next to this man there was an officer on Special Service. and he also heard the remark about killing Truman. Two or three feet from Madole towards the lamp post there was a uniformed police man who was paying attention at the time, so I feel, because he was looking right at Madole. At about 8:45 he was relieved and went to the corner for coffee. His number is 23rd PCT.

In attendance six uniformed men with a sergeant in two shifts, also the Captain...the weather was clear, no rain. The meeting started at 8 PM and closed at 10 o'clock.

At no time were there more than 75 people and it would be interesting for a clear night, comparing it to last week. From 8 to 8:30 PM Madole could muster only 40 people. At 9 o'clock there were an extra 15 people or more on the fringe of the audience, talking amongst themselves.

Madole opened by attacking N.Y. POST, BARRY GRAY, both political parties as being corrupt and not wanting to expose the Jewish Communists...Yes... yes, we are Fascists, we are Nazis, we are anti-Semites. The Jews are anti-German...we have anti-Catholics...why not anti/S. He expounded the Nordic theory, denounced intermarriage and then went in for the above mentioned quotes, advocating killing our ex-President.

Also present were

MATHEAS KOEHL, who held the flag...DUFFY...KARL HALDER...KURT MERTIG... a short, dark Arab or a Pakistani, who was also their friend...THOMPSON and his "friend" who arrived a few minutes after 9.

THOMPSON was introduced, talked on the State of Israel-the atrocities-the Jews murdering Arab families-the Jews collecting funds here and not registering as "agents", as he did-the U.S.A. losing the friendship of 250 million Mohammedans because we support the State of Israel, etc. etc. He talked briefly, Madole came back again, the audience suddenly broke in half, 20 or 25 young fellows shouting and running off and, at about 10 o'clock, the meeting was over. Literature had been passed out, particularly the NR BULLETIN for Feb. '53, "ADOLF HITLER EXPLAINS NAZI ANTI-SEMITISM" by James Madole. When the meeting was over, at least 15 or 20 of the so-called strangers crowded around Madole and asked for his bulletin.

A N.Y. Fascist Rally the

Un-Americans Refuse to Touch

By VIRGINIA GARDNER

A speaker for the fascist party which is trying to gain a following in Yorkville urged his small band of listeners at a street corner meeting Friday night to obtain the names and addresses of "Jewish merchants" who exhibited collection boxes for donations to Israel and forward them to the FBI.

The speaker, Keith Thompson, shouted that the merchants were violating the Alien Registration Act.

The meeting, attended by more

than 40 persons, many of them youths, at 87 Street and Second Avenue, under auspices of the National Renaissance Party, was one of a series of weekly Friday night meetings held in Yorkville recently. Another was announced for 8 p.m. next Friday night.

When a defiant witness before the House Un-American Committee in Foley Square recently directed the attention of the committee to these meetings and declared that Sen. Joseph McCarthy had been "heiled" at the previous

weekend street corner gathering, chairman Harold Velde (R-Ill), indignantly shut off such testimony. Broadway producer Lee S. Saberson was the witness.

Inquiry disclosed that the meetings continued, ranging from York Avenue to Second Avenue, but always near 87 Street.

Thompson, who said he himself would run for Congress next year, told his audience that the merchants who displayed collection boxes for funds for Israel were "breaking the law."

Thompson alluded to the late President Roosevelt in the traditional fascist, Gerald L. K. Smith style, as "Rosenfeld."

COMPANIONS
Thompson, a youthful, well-set-up man who might have passed for a bond salesman or Wall Street neophyte, was in sharp contrast to those about him. On one side was a young man wearing a sharply peaked dark cap of military type, a dark blouse zipped up to the neck, who stood stiffly with furled American flag throughout

the performance. Nearby was another in the same sort of cap.

It was not Thompson but the succeeding speaker who uttered veiled threats of violence and the most brazen Nazi phrases, however. Throughout Thompson's address this man, who went unnamed, distributed a four-page printed "National Renaissance Bulletin" which wound up with an article headed "Adolph Hitler: An Appreciation."

At the outset this speaker, a

fanatical gleam in his pale eyes, said of the National Renaissance Party: "We make no bones about our party being a fascist party."

Speaking of Yorkville, he said that Germans were numerically the largest group. Irish second, Hungarians third, "with the Jews running a poor seventh or eighth." Then he added, his eyes gleaming and a lewd grin of hate on his thin lips:

"And these Jews in Yorkville better be mighty good little boys, yes, sir, mighty good little boys."

He bragged about how "we have been smeared in the past by The New York Post and even by Howard Rushmore in the Journal-American," but he saved his chief ire for the Post.

"If Oliver Pilat or any of their reporters are here," he said, "they can go back to their boss" — and here he pronounced the name of the editor, James Wechsler, with the broadest of anti-Semitic caricature, as, "Yakie Vechsler" — and concluded, "and tell him we're going to run a candidate for Congress whether the Post likes it or not."

He repeated Wechsler's name elsewhere in the sewer-language harangue and boasted that he himself would be given publicity by columnist Barry Gray, because he was one of Gray's "pet hates."

THEIR AIM.

"We won't win the Congressional seat the first time," he said, "but we'll get out a big enough vote in Yorkville so we will be known as a balance of power. Then we can make both the Democratic and Republican parties pay attention to our racial ideology."

Like the previous speaker, he, too, tried to foment his band of listeners to make trouble for the Jewish merchants" and asked them to look for boxes of blue and white "which bear the Star of David."

In the National Renaissance Bulletin distributed the previous Friday night in the vicinity of York and 87 Street, the unashamed statement appeared: "The National Renaissance Party was organized in 1949 to combat both Communism and parliamentary democracy. We believe in the principles of America First and Nationalism."

It declared the "Red Revolution" of Czarist Russia "was financed by the Jewish banking house of Kuhn-Loeb and Company." and it declared that "... World Jewry, not the German military and political leaders who were legally butchered at the infamous Nuremberg Trials, were the real war criminals."

In the Bulletin distributed last Friday, (dated October, 1952, and, like the other, published in Beacon, N.Y., which is near Peekskill) "the Jew" was blamed for seeking "to substitute democracy or government by the masses for true leadership."

It quoted Dr. Alexis Carrel, the fascist ideologist; Friedrich Nietzsche, whose racial creeds were a basis of Hitler ideology, and Plato.

It slandered the Puerto Rican people and the "Mexican wetbacks," an abusive term used against Mexican nationals originating in the tale that many swam a river to get into this country to avoid immigration authorities. It inveighed against "the perils inherent in racial mongrelization or intercourse between alien racial groups."

As a handful of spectators crowded around the Congressional hopeful, Thompson, one woman sighing, "I certainly admire your courage," the man distributing the leaflets was asked if the group had a headquarters nearby. "We have one over here a ways," he said, nodding toward 86 Street, but would not give its exact location.

When the organization attempted to revive Yorkville elements in 1949, an 86 Street newsstand stationery store where "The Bronx" was sold was picketed by veterans.

B
ReNY airtel to Bureau, 5/9/53.

An initial inquiry by the New York Office through file review and contacting of informants indicates that the National Renaissance Party is presently active under its leader JAMES MADOLE.

MADOLE resides at Beacon, New York and was employed in New York City until recently when he was fired for his German activities.

The National Renaissance Party holds street meetings in the Yorkville Section of New York every Friday night at which approximately 50 to 100 people attend. MADOLE is the principal speaker at these meetings and his talks are of a pro-Fascist, anti-Communist, anti-Jewish or anti-Semitic nature.

Active members of the National Renaissance Party appear to be limited in number and there is no indication that this organization is active in any area outside of New York. This organization publishes a monthly pamphlet called the "National Renaissance Bulletin" which has been subsidized by various individuals. Copies of this pamphlet have been forwarded to the Bureau previously.

The New York Office has opened a case on this organization and will conduct investigation of it and JAMES MADOLE and will submit a report in accordance with Section 87D of the Manual of Instructions.

[redacted] that THOMPSON had the youth group attend meetings of the National Renaissance Party but that the youth group members were not to join the National Renaissance Party or any other organization. The informant said [redacted] that the members of the youth group were to be future National Socialist Leaders in the US, and that THOMPSON did not want the names of any of this group to appear on that list that might become known to the FBI.

b7D

The informant stated that he has observed THOMPSON speaking at a meeting of the National Renaissance Party held in a hall on East 86th Street, NYC, about the middle of April, 1953, and that at this meeting THOMPSON expressed sympathies for the Nazi leaders who had been imprisoned after the last war as war criminals and also expressed anti-Semitism.

[redacted] was interviewed on 6/26/53, and furnished the following information:

He stated that KIETH THOMPSON had ceased to attend the meetings of the National Renaissance Party because he did not agree with the manner in which MADOLE was conducting these meetings. He, THOMPSON stated that he will not speak at anymore of these meetings and has been extremely ~~arrogant~~ *critical* of MADOLE's radical ideas and exhibitism. THOMPSON has recently lost some prestige among his friends because of a recent incident which has become known to them. This incident involved an alleged attempt by THOMPSON to have homosexual relations with one of the young college boys who is connected with his group.

THOMPSON has recently been attending meetings and making speeches at Facts Forum which is a new group sponsored by WEST HOOKER and also by Mr. HUNT, the Texas millionaire.

The informant stated that there was no unusual incident at last Friday's meeting of the National Renaissance Party, and there would be no meeting on 7/3/53, because of the holiday. He said that for the past few meetings a group of youths had been attending dressed as storm troopers and appeared to be under the leadership of one TRUHILL (ph).

[redacted] He stated that it is rumored that this TRUHILL has a picture of STALIN in his apartment and often has youth meetings there.

b6
b7C

The informant could not advise as to how this group of boys became connected with MADOLE, as it does not appear that they have any connections with the college students who have appeared at these meetings previously.

The informant stated that JAMES WHITE had arrived from California last weekend and was residing with FREDERICK WEISS. It is to be noted that WHITE is the West Coast representative of the American Committee for the Advancement of Western Culture.

The informant stated that he has not heard anything further concerning EDWARD FLECKENSTEIN but assumes that he will be returning from Germany very soon. He said that it has been stated at several of the National Renaissance meetings that FLECKENSTEIN took thousands of copies of his articles on ADENAUER to Germany with him to be distributed there. It is the informant's opinion that these statements were made by MADOLE in order to bring FLECKENSTEIN's actions to the attention of Federal authorities with the hope that he might be ruined.

July 10-14-53
JAMES MADOLE, "NRP" STREET MEETING FR. NIGHT JULY 10TH, S.E. COR. YORK AVE. & 4

This meeting started at about 8:15 and was over 10 PM.
Present: JAMES MADOLE... EUSTACE MULLINS... MATTHIAS KOEHL... DANIEL KURTZ (Kudelaki)... MUSTACHIO... JOE RUDDEN... 'TRU-HILL', the Communist of Audubon Ave., prev. reported, I believe the no. is 54 or 45. I now learn the apt. no. is 30; his adherents were present, together with his girl friend; tonight they did not wear the brassards nor the caps. (DR. BIRKHEAD was also present.) Present about 18 teen-agers, ranging from 12 to 16, three 13-year-old girls sprawled on the sidewalk, lips roared and smoking cigarettes. At no time did his audience number more than 50 adults, many of them opposed. All told, six uniformed policemen, incl. the sgt. and a plainclothesman from downtown.

Madole talked first for about 20 min., was followed by Joe Rudden. Then Madole came back and at 9:30 was followed by Dan Kurtz, who spoke until 9:55. Then Madole closed the meeting.

Madole stated that a Philadelphia delegation came down last week not knowing no meeting was to be held July 3rd. He then took up the MATTHEWS case. He denounced the movement against J.B. Matthews. He said that modern Christianity, the Christianity which is equalita and believes in the Brotherhood of Man, is the ideological counterpo of materialistic Communism and since Christianity is akin to Communism it must be swept away with Communism. There is no room for Christianity and Democracy today. They must go, along with the parliamentary processes of Democracy. Fascism is the only way out and only Fascism has contained Communism and will conquer. "We are Fascists; we are anti Semites." The rest of his speech was a more or less watered down version of many of his past statements. The American Jewish Committee, the Anti-Nazi League and the American Jewish Congress were roundly denounced.

Joe Rudden came on with his vaporings, was often incoherent and repeated most of his past statements.

Dan Kurtz was introduced as having returned from a tour, having been working with GERALD SMITH and came on to denounce Zionism, which is the controlling power of all movements all over the world, and in control of the United States. He, too, repeated his statements about GEN. MACARTHUR and SEN. McCARTHY, etc.

The May issue of the NRP Bulletin was passed out. At about 9:40 o'clock, MATTHIAS KOEHL walked around shaking hands and apparently saying goodbye. He told Madole he was taking a vacation. Mullins walked off as happy as a bird, with his boy. (See recent report re-Koehl going back to Milwaukee.) The rapprochement with the Young Communists apparently continues.

July 14-JAMES MADOLE had a severe attack of asthma, was placed in an oxygen tent, and his mother was told by the doctor that he may not survive. He did. After being removed, he had another severe attack and is again under oxygen. If he does survive, the doctors say he will be incapacitated for a time to come. For the next two days there will be conferences with Madole's mother who has made the request. Plans will have to be made and the logical candidate, who apparently has the nerve plus a police record to run the organization, is HERR KURT MERTIG.

JULY 22-53

[REDACTED] 'ANONYMOUS' WRITES A LETTER TO F.C.F. WEISS DATED JULY 3RD, '53.

[REDACTED] in fact on a few occasions, as having backed up CONDE MCGINLEY to the tune of thousands of dollars. [REDACTED] certainly, McGinley would not offer the name of the man representing this group to Weiss, under any circumstances. But if they backed McGinley to that extent and they amount to something, as I believe they do, they are certainly operating very broadly. This letter is headed up with "PERSONAL AND CONFIDENTIAL". He thanks Weiss for the FLECKENSTEIN 6-page letter about Germany and Adenauer and here I give you a few excerpts: "We should bring about the simultaneous arising of the 65 million Germans of West and East Germany for freedom and unification... This can be done by creating a great mass movement of the 40 million German-Americans of pure Germanic blood. Start the movement and the combined arising of 40 million German-Americans, fanned by the flame of their desire to have Germany united and free. 40 million German-Americans can't be wrong, and when they arise, the govt. of the U.S. will have to heed them." He then goes on to speak of the conditions in Germany. He then states he has subscribed to MADOLE'S Bulletin. He also states "Do not quote me, but take credit for this idea for yourself and proceed." This letter is dated July 3rd and is mailed July 5th.

.....

[REDACTED] WRITES A LETTER UNDER THE SAME DATE TO THE NATIONAL RENAISSANCE PARTY ENCLOSING \$4.00 FOR TWO SUBSCRIPTIONS. The gist of the letter equals that of the letter mentioned above, to Weiss.

.....

WEISS then got in touch with MADOLE and advised him to reply in "a very nice way".

.....

MADOLE receives a flattering offer from [REDACTED] Madole was asked to come West, to travel through the states of Illinois, Wisconsin and follow an itinerary in other states which would be arranged for him, all expenses and airplane fares paid. W. also stated that Madole was asked to rush a thousand copies of his new Bulletin for June, of which I have filed with you 15 copies. In it Madole speaks of his uniformed men and also of a new nucleus he has established in Louisville, Ky. [REDACTED] and backed up by "THE AMERICAN EAGLE", pub. by MILLARD GRUBBS. [REDACTED]

[REDACTED] People have come to regard Madole, as I have often explained to you, as a shake shock-trooper, bold, unafraid, a sort of young GEORGE DETHARAGE.

[REDACTED] got in touch directly with MRS. MADOLE, who informed us that [REDACTED] is correct. That she sent her son a very flattering offer and apart from all expenses for meetings, travelling, they will also pay for advertising to be used and top it all off with a salary.

....

JAMES MADOLE and his illness and the coming meeting Fri. night, July 24th.

I have previously reported that Madole suffered two violent attacks of asthma and had been in a precarious condition. That he would be forced to quit for a time if and when he came through and out of the hospital in Beacon N.Y. A visit last week revealed that the doctors had informed him and his mother that the coma he had been in and his general situation forces them to advise a 6-month rest in Florida, preferably Arizona. In view of that, the logical candidate to take care of correspondence and the upkeep of the NRP, would be KURT MERTIG and WEISS is definitely of that opinion. Therefore the meeting for Fri. night, July 17th, had to be cancelled.

KURT MERTIG was in Washington and did not return until about Fri. July 17th according to reports, and therefore they could not confer with him. They will talk it over within a few days. Incidentally, an organization, "THE CITIZENS PROTECTIVE LEAGUE", had been placed on the Attorney General's subversive list and the league filed notice that they will object. I recall now that Mertig heads up the league with precisely that title.

WEISS rushed to Beacon to see MADOLE, Tues., July 21st, but Madole was at the movies with his mother, so they failed to meet.

Weiss now states that Madole will certainly appear at the Fri. night meeting at York Ave. and 88th St., July 24th. We thought his mother would consult the doctors in order to get their permission, but I now read from a postcard which she sent someone here in N.Y. in connection with the new Bulletin, in which she writes "Our meeting will be held on Fri. July 24th, as regular schedule. Regret that the last one had to be cancelled, as I was in the hospital. Hope to see you this Friday. Sincerely, J.H. Madole. This was dated July 20th."

The new Bulletin for June will be handled by Madole this Friday. It starts off with

"BROTHERHOOD" (PART 1) BY P.C.F. WEISS, PAGE 2 has an article titled "EAST GERMANY: BEGINNING A NEW WORLD REVOLUTION" by LOUIS MORTON. P. 3 an article titled "N.R.P. GROWS IN POWER" by JAMES MADOLE.

SYNOPSIS OF FACTS:

T-1 advised that H. KEITH THOMPSON, JR. was organizing the American Committee for the Advancement of Western Culture in Feb., 1953, with the aid of FREDERICK C. F. WEISS. ACAWC was expected to be a National organization, with a Midwest and a West Coast Director, working under THOMPSON, the National Chairman. A list of officers of the ACAWC, as furnished by T-1, set out with background information. T-1 advised that THOMPSON said ACAWC was formed to serve as an advisory group to the American people, and as a political action group on questions pertaining to U. S. public and foreign affairs, international relations and policies. T-1 said THOMPSON spoke at the Yorkville street meeting of the National Renaissance Party on 2/26/53. T-1 stated THOMPSON presently employed as Office Manager of his father's firm, Cooper's Forms, 7 Dutch St., NYC, and further stated that THOMPSON wants to get out of the ACAWC and the NRP, but believes that he is too much involved with MADOLE, WEISS, and FLECKENSTEIN to drop out now. T-1 stated in April, 1953, that THOMPSON is planning on being placed on the ballot for U. S. Congress from the Yorkville section of NYC, to be sponsored by the NRP.

A. ORIGIN AND SCOPE

Confidential Informant T-1, of known reliability, who is in a position to furnish reliable information concerning neo-Nazi activities, furnished the following information concerning the American Committee for the Advancement of Western Culture. It is noted that hereinafter, the American Committee for the Advancement of Western Culture will be referred to as the ACAWC.

T-1 stated that H. KEITH THOMPSON, JR., Apartment 13, 380 Main Street, Chatham, New Jersey, was very anxious to organize the ACAWC in February of 1953, and that FREDERICK C. F. WEISS was helping THOMPSON in this endeavor. T-1 advised that THOMPSON was considering the following well-known individuals to sponsor the ACAWC:

Dr. BEATTY, author of "The Iron Curtain Over America".

Professor CHARLES TANSILL, author of "The Back Door To War".

State Senator JACK TENNEY of California.

General VAN HORN MOSELEY of England.

Rear Admiral RICHARD E. BYRD.

BENJAMIN FREEDMAN, a sex deviate.

T-1 said that THOMPSON wants FREEDMAN to finance the ACAWC, and to be a contact man with the Arabs for the organization.

T-1, on April 29, 1953, advised that H. KEITH THOMPSON made the statement that the ACAWC will be a National organization with a Midwest Director and a West Coast Director, who would work with the National Organization Headquarters in the East Coast area, to obtain political action on questions pertaining to United States public and foreign affairs, and international relations and policies.

This committee will be strictly an American group with representation in the various major cities, dedicated to a vigorous fight in behalf of the traditional Nordic Anglo-Saxon American culture, and against the encroachment of Communism and alien cultures. T-1 described the NRP as an anti-Semitic, pro-German group, the leader of which was JAMES MADOLE. It was at this meeting that THOMPSON related his story concerning his being an Agent for the Socialist Reich Party and the subsequent attacks on him by the press and the American Jewish Committee. He stated that he believed that HITLER was an excellent man, and proceeded to outline the plan for his new group, the ACAWC.

[redacted] Queens College, Queens, New York, advised the New York Office on February 6, 1953, that it had recently come to her attention that anti-Semitic and pro-German activities were being conducted on the campus of Queens College. She stated that the ringleader of these activities was DONALD A. SWAN; who was conducting meetings at which the Nazi flag was displayed, and who had made several assaults on Jewish students. T-12 stated that SWAN said that he had been asked by THOMPSON to hold Youth Group meetings, and that SWAN should keep records reflecting complete personal backgrounds of the Youth Group members, stating that this should be done on the style of "Staats Dienst", a Division of the Gestapo. T-12 said that THOMPSON told SWAN that Youth Group members were not to join the NRP or any other organization because the Youth Group members were to be the future National Socialist leaders in the United States, and that THOMPSON did not want the names of SWAN's Youth Group members to appear on any list that would make them cognizant to the FBI.

The informant said that FREEDMAN is of Hungarian-Jewish parentage, and has been converted to Catholicism. FREEDMAN was the promoter of the now defunct League for Peace With Justice In Palestine, which, according to the informant, is pro-Arabian and anti-Semitic. T-7 advised that THOMPSON has stated that because of his anti-Semitic ties, he "has decided to drop BEN FREEDMAN", giving as his reason, "some of the crowd with money have such violent hatred of the Jews, that even a renegade Jew does not look good to them".

On April 29, 1953, Confidential Informant T-1 stated that BEN FREEDMAN is a sex deviate, and that THOMPSON wanted FREEDMAN to finance the ACAWC, and to be a contact man with the Arabs. T-1 said that FREEDMAN is a radical, anti-Semitic, anti-Zionist individual of the Jewish race.

Confidential Informant T-9 said on June 27, 1950, that the Voters Alliance of Americans of German Ancestry was a small organization led by persons with radical ideas, who regularly make anti-Semitic statements. It was formed about 1947, with A. O. TITTMAN as the dominating individual, who apparently was the President. In 1950, they had a new election, and EDWARD A. FLECKENSTEIN was elected the President.

Members and former members to be pro-German, anti-Semitic radicals who have been prominent in German organizations in NYC. Youths described as Communists have taken an active part in party meetings. Aims and objectives of party set out in the "National Renaissance Bulletin", official publication of the party, are to establish a white Christian America and promote the ideas of America first and racial nationalism which entails suppression of Communism and Zionism. A. ORIGIN, SCOPE AND GENERAL ACTIVITIES OF THE NRP

Confidential Informant T-1, of known reliability, advised in July, 1953, that the NRP was originated in 1948 by JAMES H. MADOLE and has been functioning as such ever since. He said that MADOLE has maintained leadership of the party and that he is the motivating force in all of its activities. This informant said that MADOLE had formed a group called Youth for America while he was attending Beacon High School, at Beacon, New York in 1946, and that he carried over the ideas and organization of that group to form the NRP. Informant stated that he believes the NRP is restricted to the New York area, although he says that efforts have been made to organize other groups from time to time in such cities as Atlanta, Los Angeles, Philadelphia, Dayton, Louisville and Chicago. He said that this fact had been publicized in past issues of the party publication, the "National Renaissance Bulletin".

T-1 stated that MADOLE has gathered a group of pro-German, anti-Semitic radicals into this party, some of whom have been active for years in other pro-German organizations in the Yorkville Section of New York City. He further stated that although the party literature carries the address 224 East Main Street, Beacon, New York, which is the residence of MADOLE and his mother, that there actually is no party headquarters, and that they rent various places in Yorkville for their meetings or hold them on street corners.

T-1 concluded that although it appears that the NRP is solely a New York City organization being used to spread pro-German, anti-Semitic propaganda, it is his belief that the NRP could be part of a large world-wide plan to discredit the present German government and hinder the United States State Department in its plans for unification of Western Europe.

Confidential Informant T-2, of unknown reliability, advised in April, 1953, that he did not know when the NRP came into existence nor did he know anything of the facts surrounding the origin of the party. He did state, however, that while the NRP is ostensibly nationalistic in scope, the only activity of the organization is centered in the state of New York. He stated

NY 105-6112

the NRP has its headquarters in New York City, is a loosely formed group, is opposed to Communism, the present government of Western Germany, the present United States government, and is anti-Semitic and pro-Nazi.

Concerning the actual headquarters of the NRP, T-2 stated he believed the group used a private hall at 109 East 86th Street, New York City, for all meetings and rallies of a public and semi-public nature. Concerning other possible headquarters, T-2 stated it was his understanding that the NRP had some sort of a permanent office at 224 East Main Street, Beacon, New York. T-2 stated he did not know the significance of the NRP office in Beacon, New York, but believed it to be the headquarters for the printing and distribution of the NRP literature.

This informant revealed that in addition to the aforementioned addresses, the NRP also meets on a frequent basis at the Mt. Hope Farm, Middleborough, New York, which farm is owned by FREDERICK WEISS. The informant based his opinion that these meetings were being conducted at this farm on a frequent basis because such meetings have always been in progress whenever the informant visited this farm.

T-2 stated that most of the important business of the NRP is conducted at this farm by leaders of the group. He further stated that before any person, other than one of the leaders of the NRP, can attend any meetings held on the farm, the permission of FREDERICK WEISS has to be obtained.

According to T-2, the NRP hopes to increase its size and importance by drawing membership from college students.

T-2 stated that the NRP is opposed to the imprisonment of former Nazi leaders and is dedicated to working for their release. The informant stated the members of the NRP always excuse Germany and the Nazi Party of any blame for World War II. T-2 stated the members of the NRP believe that the alliance of the United States during World War II should have been with Germany and against the Soviet Union.

The "New York Compass" dated November 20, 1949, carried a story under the headline "He Wants to be Fuehrer", by HARRY HENDERSON, which sets out the origin of the NRP and background information on MADOLE. This story

NY 105-6112

is set out in part as follows:

"This is a story of a young man who dreams of being America's Fuehrer, who is trying now to unite all the anti-Semitic, nationalist and racist groups in the East behind him. This is the story of how he lives, how he works, and how he got that way.

"Newspapers recently carried accounts of a swaggering, brown shirted JAMES H. MADOLE, leader of the Nazi-like National Renaissance Party, claiming before a Philadelphia audience that he helped organize the riots at the PAUL ROBESON Peekskill Concerts. He reportedly said, 'I was very proud to have had a part in organizing it. It was 3,000 veterans against 12,000 Jews and 3,000 veterans against 12,000 Jews is enough.'

"MADOLE assured me stiffly that he was the leader of the National Renaissance Party which he said stood for government by the 'intellectual elite'.

"When I brought up the Peekskill riots he seemed both frightened and proud. I said the papers had reported that he claimed in Philadelphia to have helped organize the riots, was that true? 'Well a few of our fellows (members of the National Renaissance Party) may have been there but I can't make any definite quote on that'.

"Later he gave me a different version of how he came to claim credit for the riot violence. He said it was all McFARLAND'S fault, meaning WILLIAM M. McFARLAND, head of the fascist Nationalist Action League of Philadelphia, and whom MADOLE recently made Pennsylvania director of his National Renaissance Party.

"MADOLE says his NRP is derived from 'animism', a philosophy he developed himself which is based on 'values of individual personality, private enterprise, and government by the intellectual elite.' He attacks democracy as 'rule by the ignorant mass' and rejects the 'liberal democratic line' which he calls 'the general idea of breaking down all forms of racial pride and the general idea of mongrelization of the races.'

"He believes animism would create a scientific society ruled by the best scientific minds and no layman can vote on a scientist. On a more practical, immediate level he is for private enterprise, the open shop, reindustrialization of Germany and Japan, friendship with Spain.

"Every few weeks he holds street corner rallies in Christian Front neighborhoods in the Bronx and Yorkville. Twice banned by the police, he claims the ban was lifted by intercession of a Congressman friend. He tries to appeal to veterans, although he is not one himself. He claims 145 members in the Bronx. In Yorkville he has picked up some of the old German-American Bund membership through the cooperation of KURT MERTIG, head of the pro-Nazi Citizens Protective League. In Queens he has acquired the remnants of the Christian Front through C. DANIEL KURTS, its former director. In Philadelphia, he claims 300 members, former followers of the fascist Nationalist Action League. He also claims members in the deep South, particularly in Atlanta.

"MADOLE uses the U. S. mails to distribute anti-Semitic and nationalist tracts, bundles of which he receives from various nationalists for resale. Some of the material he imports from Sweden and other foreign powers."

It is to be noted that the German-American Bund, Citizens Protective League and the Nationalist Action League, mentioned in the above article, have been designated by the Attorney General of the United States pursuant to Executive Order 10450.

B. INDIVIDUALS CONNECTED WITH THE NRP

1. Individuals Who Control The NRP

Confidential Informant T-1, previously mentioned, in July, 1953, stated that there never has been any set up of officers for the NRP but that MADOLE has appeared to be in complete control during the party's activities. He said that from time to time MADOLE has allied himself with other persons whose advice he accepted and who may have had various titles, but there have been very frequent changes among these advisors as disagreements arose over the party's policies.

This informant said that the people who presently appear to control the party either by active participation or by counselling MADOLE are:

FREDERICK WEISS
GEORGE S. VIERECK
KURT MERTIG
[REDACTED]

Confidential Informant T-2 advised in April, 1953 that the NRP has no officers as such, but that from his observations during 1952 and 1953, he believes the following were acting as leaders and advisors of this group:

FREDERICK WEISS
H. KEITH THOMPSON
EDWARD A. FLECKENSTEIN
[REDACTED]
JAMES MADOLE
GEORGE SYLVESTER VIERECK

Confidential Informant T-3, of unknown reliability, advised in October, 1949 that he had attended a meeting of the NRP on October 7, 1949 and that he believed them to be a fascist group whose officers were JAMES MADOLE, director; [REDACTED] and [REDACTED]
[REDACTED]

JAMES H. MADOLE
224 East Main Street
Beacon, New York

T-1 stated in July, 1953 that MADOLE had been the leader of the NRP throughout its existence and that it was his personal zeal and continued work that had kept it in existence. He said that MADOLE had been very sickly as a child, having an asthmatic condition and was raised by his mother as his father had died while he was quite young. He said that MADOLE probably had a fixation on his mother and that his political activities had been encouraged and directed by his mother since the time that MADOLE was in high school.

NY 105-6112

T-1 said that MADOLE has appeared at all the meetings which have ever been held by the NRP as its principal speaker, and whereas others have come in from time to time as speakers, he always appeared to be in complete charge of the meetings. This informant also pointed out that all literature distributed by the NRP carries MADOLE'S name and home address and many of the articles in the "National Renaissance Bulletin" are attributed to him. This informant said that MADOLE appears to be a rabid fascist who imagines himself to be a fuehrer. He stated that MADOLE has expressed a bitter hatred of the Jewish race and that this hatred has carried over into becoming one of the primary tenets of the party. He said that MADOLE has never worked very long at any job but has spent most of his time working for the party and is probably supported by his mother.

T-2 stated that he knew very little concerning MADOLE other than he was allegedly head of the NRP in Beacon, New York. He said that during his brief acquaintance with MADOLE he came to know him as a fanatic believer in Nazism, evidenced by his conversations concerning Nazi Germany and the Nazi Party. T-2 stated that he could not recall, however, any specific statement made by MADOLE indicating his adherence to the Nazi form of government.

Confidential Informant T-4, of unknown reliability, stated in July, 1953 that MADOLE was a very radical fascist who believed that HITLER was the greatest man who ever lived. He said that MADOLE was also violently anti-Semitic and expressed the idea that all Jews in the United States should be killed.

FREDERICK CHARLES FERDINAND WEISS
156 Grand Street
White Plains, New York
and
Weiss Farm, Mt. Hope, New York

In April of 1953, T-1 advised that WEISS is the owner of the LeBlanc Publishers, Incorporated, Box 155, 208 East 86th Street, New York City, and that through this business he writes and distributes anti-Semitic, pro-German literature. T-1 further advised that WEISS is the guiding influence behind the pro-German, neo-Nazi organizations in the United States, although he holds no office in any of these organizations other than that of executive secretary of the American Committee for the Advancement of Western Culture, which T-1 described as a recently formed group headed by KEITH THOMPSON, of a pro-German, neo-Nazi character.

NY 105-6112

T-1 advised [redacted] that WEISS made the statement that he, WEISS, had paid for the meeting hall for the NRP meeting on February 21, 1953, and also paid for the NRP literature and the publication of the "National Renaissance Bulletin". T-1 stated that inasmuch as WEISS is an alien he is afraid of being deported if he appears to be active in fascist-Nazi movements, therefore, WEISS has remained in the background and controls the leaders of the various neo-Nazi organizations.

b7D

T-1 advised further that WEISS has been advisor to KEITH THOMPSON, EDWARD A. WLECKWISTEN and JAMES MADOLE, whom T-1 terms as leaders of the alleged neo-Nazi groups in the United States.

T-1 stated that WEISS also writes and publishes articles supporting the neo-Nazi movement in the United States and that he recently has been in correspondence with Germans in Argentina and Germany. T-1 stated that until about December, 1952, WEISS' writings were pro neo-Nazi, anti-Semitic and anti-Communist. T-1 further related that since that time he has noticed that WEISS has toned down his anti-Communist writings.

T-1 stated that WEISS had said [redacted] on January 3, 1953 WEISS had met with two men whom WEISS termed as "Russkys". Further that WEISS had stated [redacted] that one of these "Russkys" had propositioned WEISS, stating that WEISS could make plenty of money with the "Russkys".

b7D

T-1 further advised that about February 26, 1953 WEISS had stated that he had shown these "Russkys" that he could produce if and when they came across and that WEISS had stated that the "Russkys" had offered him \$1500 a few weeks before but that they would have to give him at least \$50,000 and that he would not put his neck in a noose for less.

T-1 stated that it was his opinion from the above that WEISS meant that the "Russkys" wanted WEISS to continue writing propaganda in the United States against the re-arming of Western Germany, but that he does not know exactly what WEISS has to do for this money. The informant pointed out that the "Russkys" could be either White Russians or Communists, but that he could furnish no information regarding the identity or background of these "Russkys".

NY 105-6112

T-1 advised that on the morning of April 13, 1953, WEISS had stated that he intended to urge EDWARD A. FLECKENSTEIN, KEITH THOMPSON, JAMES MADOLE and others allied with German organizations, to picket KONRAD ADENAUER while the latter was in New York City. T-1 stated that subsequently on that same day, WEISS had changed his mind and informed the above persons that he advocated no picketing of ADENAUER while the latter was visiting the United States. T-1 related that the other leaders thereupon agreed with WEISS that no neo-Nazi groups in the New York area would demonstrate against the ADENAUER visit.

T-2 advised in April, 1953 that WEISS is a writer of political science whose works were favorable to Germany under the Nazi rule. He stated that WEISS has a home at 156 Grand Street, White Plains, New York but usually resides at the Mt. Hope Farm, which is near Middleborough, New York. T-2 stated he recalled that [REDACTED] mentioned during 1952 that WEISS used a mail drop to conduct NRP business but the informant was unable to amplify this statement. T-2 described WEISS as an alien in his b6 b7C

C. STATED AIMS AND OBJECTIVES OF THE NRP

Confidential Informant T-10, of known reliability, on August 22, 1949, provided a pamphlet entitled "Program of the National Renaissance Party" in which the purpose and aims of the party were stated as follows:

Aims:

1. Nationalization of our people through an educational campaign among college, church and labor groups.
2. Termination of political bureaucracy and establishment of rule by the intellectual elite.
3. Private enterprise and equality of opportunity for the ambitious.
4. Repeal of all bureaucratic red tape involving private enterprise and industrial evolution through monopoly.
5. Vast rearmament program for defense; atomic energy to be governed by the military.
6. Ten year reconstruction project for complete slum clearance.
7. Right to work in "open shops" free of labor czar tyranny.
8. To free politics and culture from domination by racial minorities.
9. Acceptance and reindustrialization of Germany and Japan as allies in the Western coalition against Communism.
10. To cease squandering American wealth and resources abroad while many Americans remain poorly housed, clothed and fed.
11. Free college education for all American youth.
12. To create a united national community wherein workers and management can work, hand in hand, toward our great national destiny envisioned by the founders of our American Republic.

NY 105-6112

13. To replace cowardice and the glorification of weakness with a national community based on courage, strength and loyalty.

This pamphlet also sets forth the program of the party as follows:

The National Renaissance Party is devoted to a renaissance of American culture and a resurrection of the American people. The philosophic doctrine of our party is known as Animism - a socio-political doctrine based on ALEXANDER HAMILTON'S concept of an American Republic dominated and governed by the best minds of the nation or the intellectual elite. The present inroads of Communist theory in America are due solely to the false concept of democracy, which has permitted racial minority pressure groups to force their will on the political rabble in Washington. To maintain a job a politician must have votes and since the racial minority groups, who foster Communism in all nations, vote in a unified bloc, they can buy the votes of our parliamentarians in Congress and State Legislatures.

It is utterly useless to look for last minute aid from the divided social clubs and discussion groups of the conservative Republican party. These dignified, elderly gentlemen have left the field, sadly disillusioned after our last election which they hoped to win by the use of old line political hacks against the crusading fanaticism of a militant social philosophy, Communism. Tens of thousands of the American youth were won over to Marxism and the program of New Deal Socialism through lack of a counter philosophic doctrine to augment their faith in their nation and race. Rest assured that flag waving, Sunday school lectures and political wind bags, whose capacity for downright lying is seldom excelled, will never set the American soul aflame with crusading fanaticism and love of America, only a new doctrine will suffice.

T-10 also furnished a pamphlet entitled "The Race Question and the Tolerance Racket" which was published by the NRP, 224 East Main Street, Beacon, New York, in which it was stated that "the NRP stands for a new freedom, the freedom from interference in the affairs of sovereign states by conniving revolutionary elements of this racial minority which, while condemning HITLER for annexing Austria and the Sudetenland which was predominantly dominated by Germans, itself seized lands belonging to the Arab states. In this case of outright aggression, the Israelite aggressors were championed by the New Deal leader, which their funds and power had placed in office."

NY 105-6112

The "National Renaissance Bulletin" dated June, 1949 carried under a sub-heading "Official Organ of the NRP Devoted to Animism, a Philosophy Based on Values of Individual Personality, Private Enterprise and Government by the Intellectual Elite".

The "National Renaissance Bulletin" dated January, 1949 under the caption "What We Stand For", listed the following:

The NRP has been created for the following purposes:

1. To organize a voting bloc of American citizens of Finnish, German, Latvian, Estonian, Lithuanian, White Russian and Latin extraction to oppose the flood of Marxist ideologies in America and to act as a counterweight to the racial minority voting blocs.
2. The erection of the NRP as a political force in its own right, to wrest control of America from cowardly middleclass parties who have become instruments for electing candidates satisfactory to the minority races but hostile to the interests of the great mass of the American people.
3. To organize the power of American industrial interests in a campaign to educate the great mass of American people, in particular the workers and win them back to their race and nation through the medium of a vast educational campaign to be launched by the NRP.
4. To expose the truth behind World War II by making known the insidious chicanery of the new deal regime in driving this country into war on behalf of the minority races, who had driven the nations of Central Europe into a state of religious fury against the slow moral poisoning of the people. We are experiencing the same sensations in America at present resulting in vicious sex crimes, sex orgies between negroes and teen-age white girls in Minnesota and the rising tide of pornography and sexual degeneracy as depicted in our literature, films, art and music.

The "National Renaissance Bulletin" of January, 1952 stated the NRP was organized in 1949 to combat both Communism and Internationalism. It stated that the party believes in the principles of America first and racial nationalism, and that their bulletin reached 12,000 people per month.

NY 105-6112

The "National Renaissance Bulletin" dated April, 1953 set out in sub-heading "Official organ of the National Renaissance Party devoted to a restoration of the American Republic, the preservation of American sovereignty and the establishment of an American regime based on the principles of racial nationalism and social justice."

The "National Renaissance Bulletin" dated May, 1953, set out in sub-heading "Although ADOLF HITLER is dead, his philosophy lives again in the growing struggle of Fascist forces in America, Europe and the Middle East. What HITLER accomplished in Europe, the NRP shall yet accomplish in America".

T-2 stated in April, 1953 that KEITH THOMPSON and [] the objectives of the NRP were:

1. To work for the release of all German war criminals.
2. To combat the present government of Western Germany and German Chancellor KONRAD ADENAUER.
3. To oppose Communism.

T-2 furnished a postcard in April, 1953 announcing an NRP rally on April 11, 1953. This postcard stated "our task is the consolidation of all German, Hungarian and Irish racial groups and secondly, the gaining of influence for a show of power in American politics".

T-2 also furnished a booklet issued by the Democratic Nationalist Party of the United States of North America, which he obtained from THOMPSON in April, 1953. This booklet sets forth the following aims of the Democratic Nationalist Party, which this informant stated was the predecessor of the NRP:

1. To promote the cause of Democratic Nationalism in our folkland, the United States of North America.
2. To increase the sense of social, economic, political and racial responsibility in our white folk who are members of our folk community.

NY 105-6112

3. To advance the spirit of friendship and good fellowship in our folk community.

4. To safeguard our white folk from all alien enemies within our folkland through orderly and regular participation in local state and national politics.

The June, 1953 "National Renaissance Bulletin" carried the following article:

"We are asking all our members and supporters to please contribute whatever sum they are able to aid in the tremendous struggle in which the NRP is engaged. Every dollar you give acts as a front line soldier in the monumental struggle against the Jewish exploiters of Aryan mankind. Our party banner will yet fly over the White House in Washington once the American people have united against the political parasites of the Democratic and Republican parties and their Jewish taskmasters."

T-1 advised that JAMES MADOLE had made the following statements at public meetings of the NRP:

On February 21, 1953 MADOLE said that just as sure as I am standing before you I will plant the swasticka in Washington one day. I will solve the Jewish problem once and for all. I will finish the job that HITLER started. MADOLE described EISENHOWER as IKE the kike, that bloody butcher whose hands are red with the blood of German women and children. He said that if they tried to lead us into World War III we will take the arms they give us but instead of shooting at the Russians we will teach the youth of our country to turn the weapons against the Jews and that will solve the problem once and for all.

On May, 15, 1953, according to the informant, MADOLE said we stand for white Christian America. TRUMAN should be killed and everyone who embraces Communism should be killed immediately.

On July 10, 1953, MADOLE also reported to have said that there is no room for Christianity and Democracy today. Fascism is the only way out as only Fascism has contained Communism and will conquer. We are Fascists and proud of being Fascists.

NY 105-6112

On July 24, 1953, MADOLE stated that TRUMAN was a greater traitor than the ROSENBERGS and he deserves to get the chair. He said that EISENHOWER is the same breed and gang as TRUMAN and MR.

On July 31, 1953, MADOLE stated that TRUMAN was a traitor and should have been shot and that the Washington politicians are selling us out and that the Jews control the United States government, the press, radio and cinema.

D. ACTION TAKEN TO IMPLEMENT THE PROGRAM OF THE NRP

1. Publications

T-1 stated in July, 1953 that the "National Renaissance Bulletin" was the official publication of the NRP and that it has been issued more or less on a monthly basis for the past four years. He said that this pamphlet usually contains several articles by members of the party which adhere to the party line of pro-Nationalism and anti-Semitism. He said that WEISS usually arranged for the money for the publication and advised MADOLE as to what articles should be included. He said that WEISS frequently had articles of his own in this paper under many aliases and that MADOLE has written a great deal of the material contained in them.

The informant stated that copies of this publication are passed out to the people who attend the NRP street meetings and mailed to individuals who have subscribed to it. The stated price of this bulletin as contained therein is \$2.00 for twelve issues. He stated that these bulletins have also been mailed to persons whom it was believed might be sympathetic to the NRP principles. He said that mailing lists for this publication were probably obtained from other pro-German groups in New York City.

T-2 in April, 1953 provided the April, July and October, 1952 issues of the "National Renaissance Bulletin".

The April, 1952 issue contained an article by JOHN R. LUNDOFF entitled "Fasism vs. Communism", and an article by JAMES H. MADOLE entitled "The Eisenhower Fiasco in Germany".

NY 105-6112

The article "Fascism vs. Communism" is an anti-Semitic article which states Democracy is unable to successfully combat Communism and only Fascism can eliminate Communism.

The "Eisenhower Masco in Germany" article is bitterly anti-Semitic and criticizes General D WIGHT D. EISENHOWER'S conduct in the occupation of Germany and blames him for what MADOLE describes as "the infamous war crime trials in Nuremberg".

The July, 1952 issue contains an article entitled "Exposing the Jewish War Criminals" by JAMES H. MADOLE, which is a bitter anti-Semitic article and excuses Nazi Germany's conduct toward Germans of Jewish faith.

In the October, 1952 issue there contained an article entitled "The Revolt Against Aryan Civilization" by JAMES H. MADOLE and an article entitled "Adolph Hitler: An Appreciation", by EUSTACE MULLENB. Both of these articles are of an anti-Semitic nature.

T-2 provided a pamphlet entitled "DNP" issued in 1951 by the Democratic Nationalist Party of the United States of North America, which organization T-2 previously identified as being synonymous with the NRP. This booklet sets out the aims of the Democratic Nationalist Party which have previously been set forth in this report, and lists a twenty point program, which program is anti-Mon-Aryan and anti-Lien. This program also calls for close cooperation with Mexico and Central and South America.

The "National Renaissance Bulletin" dated February, 1949 set out the following plan for an alliance of all Nationalist publications under the heading "National Renaissance Press Association":

"The National Renaissance Party, as one of the two existing Nationalist parties in the United States, is seeking to establish a greater degree of cooperation and joint effort among pro-Nationalist publications here and abroad. The success of the venture we are undertaking depends entirely on the willingness to cooperate of the editors of these publications. Since 1933 we have all been sadly lacking in that spirit of comradeship and common effort towards a common goal which has been responsible, not only for our failure to attain political victory but also our failures to prevent the repeated victories of the Marxists. For once let's bury the hatchet of petty jealousies and antagonism and work together. If each Nationalist

editor will read this and then appoint himself as a self appointed committee of one to carry out his or her part of the bargain, we can stop complaining about our enemies and start rolling up political victories ourselves. Let's borrow a leaf from the Marxist book and learn how to work together for a Nationalist leader in the White House in 1952. We will all find this more valuable than harping on petty issues and back biting each other. The Red Press in New York has admitted time and again that the one thing it fears is Nationalist unity such as came in Germany under Hitler, Spain under Franco, etc.

"Now here is the plan. We are developing a National Renaissance Press Association, no dues whatsoever are required; just cooperation on the part of each editor, here and abroad. Here is what each editor taking part in this press association will be required to do:

"1. Once a month each editor will reserve a page for the National Renaissance Press Ass'n. On this page will be placed, the name of each publication, foreign and domestic, supporting the Press Association, the name of its editor the mailing address, and a review of the particular work carried on by each publication. By this means every publication participating will have a chance to greatly increase its circulation and the number of its subscribers. No matter how many or how few subscribers you have at present, each editor stands to gain by his cooperation. Furthermore, the Nationalists who read these publications will be given an expanded view of the nation-wide as well as the International Front on which the death struggle between Marxism and Nationalism is being waged.

"2. All editors participating in the National Renaissance Press Association will exchange their publications each month.

"3. All editors participating in the press association will, inasmuch as they are affiliated to no political party, support the National Renaissance Party in such national functions as taking up petitions for redresses of local, state or national grievances imposed by Red statesmen, advertising important mass meetings, etc. In fact, whenever we hear of Nationalist meetings anywhere we should all cooperate, to the best of our ability, to make them a success.

"Each editor cooperating in the National Renaissance Press Association will give space to our Nationalist allies who have publications functioning overseas."

NY 105-6112

2. Street Meetings

T-1 stated that the NRP has held public and private meetings since it first came into existence. He said that private meetings have been held in various rented halls in Yorkville, as well as at homes of the individual members. He further stated that the public meetings have been held on various street corners in the Yorkville section of New York under police permit. He stated that during these meetings the speakers urged the gathering to become members of the NRP and to donate money to its cause.

T-2 stated that the NRP had held at least three meetings during the summer of 1952 at the Mt. Hope Farm, Middleborough, New York, and that the following were in attendance:

GEORGE VIERICK
FREDERICK WEISS
EDWARD FLECKENSTEIN

[REDACTED]
KEITH THOMPSON

b6
b7C

The informant stated that he did not know the purpose of these meetings or any discussions that took place.

T-2 stated that an NRP meeting in the form of a rally was held at a private hall at 169 East 86th Street, New York City, on April 11, 1953, at which approximately thirty to forty people attended. At this meeting THOMPSON urged the group to make speeches on street corners and to attempt to persuade college students to join the NRP.

The "National Renaissance Bulletin" dated June, 1953 under the heading "National Renaissance Party Grows In Power" by JAMES H. MADOLE, stated the following:

"Despite ever increasing opposition from the Jewish Press and radio commentator, Barry Gray, the National Renaissance Party has gained ground steadily during the warm spring months of 1953. We cannot sufficiently thank our devoted supporters whose funds have made possible this crusade for

NY 105-6112

racial nationalism and social justice.

"This month our movement, under the leadership of Mr. J. J. Mitchell, set up headquarters in Louisville, Kentucky. Our local headquarters is now situated at 2627 Hale Avenue, Louisville 1, Ky. Supporting our organizational efforts in this area is the new Nationalist newspaper, "The American Eagle," published by Mr. Millard Grubbs. You can obtain samples of this new Nationalist periodical by writing to: "The American Eagle," Box 1662, Louisville, Ky. All supporters in the Louisville area should contact Mr. Mitchell at once.

"Mass street meetings of the National Renaissance Party continue to take place every Friday evening at 8 P.M. on the southeast corner of 88th Street and York Avenue, N. Y. C. in the heavily populated Yorkville area of Central Manhattan. Large audiences pack the corner as our speakers deliver their messages for two hours and distribute free literature to the crowds. The Jewish opposition has sent every possible drunk and Communist hoodlum in the area to our meetings only to have them thrown out bodily. Newspaper reporters have been present at every meeting. Also present on many occasions were John Roy Carlson, author of such books as "Undercover" and "The Plotters," Rev. C. Leon Birkhead, director of the anti-Nationalist, "Friends of Democracy," and James H. Sheldon of the Jewish gang known as the "Non-Sectarian Anti-Nazi League".

"James H. Sheldon (Shapiro) sent a telegram to Attorney General Herbert Brownell Jr. on behalf of his "Non-Sectarian Anti-Nazi League" as follows:

'The activities and announced purposes of the National Renaissance Party headed by James H. Madole, do not differ appreciably from those of the German-American Bund, the Citizens Protective League or the Nationalist Action League, all of which are now named as Fascist organizations in your Consolidated List of subversive agencies issued under Executive Order 9835. We respectfully urge that you take prompt action to add this organization to your officially announced list of subversive Fascist groups.'

"This telegram from Sheldon was printed by "the American Hebrew" on May 29, 1953 as part of a smear article entitled "Local Neo-Nazi Will Run For Congress In Yorkville". This article refers to H. Keith Thompson,

NY 105-6112

former registered agent for General Otto Reamer's Socialist Reich Party, who is planning to run for Congress in Yorkville on the National Renaissance Party ticket. Concerning Sheldon's telegram our party has already sent a registered letter to Attorney General Brownell concerning the background of the so-called 'Anti-Nazi League'. Among other things mentioned was the fact that the 'Anti-Nazi League' has clearly usurped the power of the Federal Government by establishing a private police force on American soil. In Atlanta, Georgia, this group bribed three young men to commit perjury during the frameup case against Homer Loomis and Emory Burke, leaders of Columbians Inc. Prior to World War II, an officer of this 'Anti-Nazi League', Richard Rollins (Rothenberg) broke into the private safe of Royal Scott Gulden, a New York real estate man, and stole two private files concerning the membership of 'The Order of 1776', a patriotic, anti-Communist group. The 'Anti-Nazi League' is financed by the Jew, Isadore Lipschutz, a foreign born diamond merchant who was refused American Citizenship until a few years ago on grounds of moral turpitude. Westbrook Pegler, the columnist for 'The New York Journal American', has written innumerable exposes on this private Gestapo.

"On June 26, 1953, we had as our guest speaker, Mr. James R. White, an organizer from Los Angeles, California, who addressed a crowd of 125 people at an open air mass meeting in Yorkville. He explained how the United Nations flag had been banned in Los Angeles and the traitorous U.N.E.S.C.O. program kicked out of California schools. Mr. White, has already organized a fully equipped uniformed group in his city and has distributed thousands of copies of the 'National Renaissance Bulletin'.

"Our own fully uniformed corps in New York City has been placed under the joint command of Matt Koehl Jr. and Hans Schmidt. A merit system has been devised on neatness, attendance and comprehension of the nine-point program. This group includes men from all five boroughs of New York. Meetings of the uniformed corps are held in a private center every Thursday prior to our Friday night open air rallies."

3. Association With Other Groups

Confidential Informant T-11, of known reliability, advised on January 19, 1949 that WILLIAM H. McFARLAND, Director of the Nationalist Action League of Philadelphia, had recently attended a meeting of the NRP in New York City. The informant stated that McFARLAND had said

NY 105-6112

that JAMES H. MADOLE had organized about 200 people, most of them elements of the old Christian Front into the NRP and that he and MADOLE had discussed a proposed merger of the NRP and the Nationalist Action League. McFARLAND had said that as yet there is no basis for a merger but pointed out that they did agree on terms for close cooperation. McFARLAND said that as MADOLE had a very specific program worked out and would not deviate from that program, it would be most difficult for the Nationalist Action League to merge with his organization.

Confidential Informant T-12, of known reliability, on July 5, 1950, furnished a letter signed by JAMES MADOLE on the letterhead of the NRP, addressed to WILLIAM McFARLAND dated February 7, 1950, in which he stated that [redacted] and EDWARD L. FLECKENSTEIN are back with us and stated that the German-American Republican League, The Estorius Society, the German-American Voters Alliance and the NRP are contemplating a final alliance. He said that this will mean a merging of mailing lists and contributions into one political party. He invited McFARLAND to enter the spring campaign in the election of [redacted] who is to run for Congressman from the Yorkville district against VITO MARCONI.

T-12 also furnished a letter dated July 20, 1950 from MADOLE to McFARLAND in which MADOLE stated that KURT MERTIG'S group has merged with ours and become part of the party, financially and politically.

T-8 on May 21, 1951 stated that MADOLE in a speech at an NRP meeting on May 15, 1951, mentioned a neo-Fascist convention to be held in Sweden and said that he would try and contact them. He said that he was the man they would need and that he would learn more about this Sweden meeting in order to effect some kind of cooperation.

T-4 stated in July, 1953 that when THOMPSON was associated with the NRP he wanted to organize youth groups all over the country as an auxiliary to the NRP and train these youths to eventually assume control of the neo-Nazi movement throughout the United States.

T-1 stated in July, 1953 that [redacted] has corresponded with both REISS and MADOLE recently in regard to a proposed speaking tour for MADOLE throughout the Middle West which [redacted] would finance.

NY 105-6112

T-1 also furnished a letter on August 16, 1953 from [] to MADOLE which indicates that MADOLE and the NRP ought to be used by a Wisconsin group. This letter is set out as follows:

b6
b7C

"721-57th St.
Kenosha, Wis.
July 27, 1953

"Personal and Confidential - Please Destroy this letter after reading.

"Mr. James H. Madole,

"Dear Mr. Madole:

"Thank you for your letter of July 23rd, and your acceptance of the idea to unite 40 million German Americans behind their courageous racial brothers in Europe, and as previously outlined.

"I would greatly appreciate the opportunity to come down to N. Y. and see you and Mr. Weiss (it was a letter I received from him some months ago, and several more since then, from him, that started me writing you), however, I feel it is going to be impossible at this time for me to make such trip.

"You state that in the absence of my doing so, you would meet me out here somewhere, and this is what it will have to be, I believe, and so I would like to ask if Milwaukee or Chicago would be suitable.

"Several points arise in my mind which will require our careful decision in the matter of bringing about the mass arising of 40 million German Americans, and that is, that it is going to require immense publicity, by that I mean we want our first rallies to get mention in the newspapers so it will be taken up thereafter like wild fire and sweep across the nation.

"Now if we do this in the name of the National Renaissance Party, then the newspapers will give it no publicity, because the NR party is known to be anti-Jewish and every regular newspaper in the country including even the Chicago Tribune, altho daily telling about the world Red crisis,

NY 105-6112

nevertheless NEVER says that communism is a Jewish movement. The newspapers follow this hypocrisy, and are not patriotic enough to tell the real truth, thereby they let the internal enemy get away with its plot on the uninformed public.

"Our great problem, however, will be to get the 40 Million G-1's together into one organization, and to get the publicity to do so. Therefore it might be better, as you have stated, with an America First appeal, etc., and not connect the name of the NR party to it (altho it will have to be done by the individuals of the NR party) until we get the organization built. AFTER we get the 40 Million into one organization, we will be able to come out with all issues and fear nothing, they then will not be able to stop us. In other words, let us take the Unification and Freedom of Germany issue as the issue to unite the 40 Million German-Americans on, and to sweep the country with it. If we do not connect the NAME of the N. R. party with it, altho we will have to be the individuals doing it, (you folks) then they cannot refuse to put it in the papers, (because anti-Jewish or Fascist elements behind it as they would otherwise say).

"The U. S. administration says it is for the unification and freedom of Germany (altho they do not mean it) but they state they must unite Europe first, that is what they set up to give them an out, because they know they will never be able to unite Europe. But having given lip service to the unification of Germany idea, they cannot oppose the organization we will create of G-1 people to bring it about. At least, they cannot openly oppose, altho they will do all in their power under cover to prevent our success.

"I am very pleased to note that you have opened a Louisville, Ky branch as your June bulletin states. I note that you have in Los Angeles and N. Y. uniformed corps. This is good, I have long known that there is an element of power in the uniform, it will give strength and publicity to your organization, and growth.

"I would greatly appreciate your ideas as to point 8 of your program, what kind of a government you advocate as a "trained national-minded elite" and how it would be selected, continued, etc. If you could give

NY 105-6112

me a few words on it, it would clear up questions not now clear to me. I find your letters very comprehensive and right to the point, realistic, and that is what it takes for success.

"So if you will let me know about meeting you in Chicago or Milwaukee after which we could set a date, I will be very appreciative.

"Thanking you, I am,

"Very Sincerely,

/s/
